Conversations With Tom Wolfe:

Conversations with Tom Wolfe Dorothy McInnis Scura, 1990 Literary journalist lowly social historian chronicler of his times and champion of realism are among the many epithets heaped upon Tom Wolfe by himself and his myriad admirers and critics In this collection of interviews spanning his richly productive career Wolfe is seen as a writer imitating no one and riding the crest of each latest wave in contemporary America For more than a quarter of a century he has been the vivid and varied chronicler of our time from the Californian car customizers and Ken Kesey's Merry Pranksters of the sixties to the ambition driven inhabitants of New York City in the eighties His hybrid of reporting and fiction writing has received perhaps more applause than any other literary journalism and his first major work of fiction *Bonfire of the Vanities* rested at the top of the bestseller lists for more than a year Here is Tom Wolfe talking about the subjects of his eight books about the writers he admires about the discipline of writing about his politics and his disposition to satire and parody As he explains his attempt to show the world life in our times this collection of delightfully witty and informative interviews reveals the insights and the intellect of one of America's brightest and most appealing authors [Nelson Algren](#) Richard F. Bales, 2024-11-07 This book addresses critical gaps in existing biographies of Nelson Algren providing new perspectives on his writing style literary contributions professional colleagues and personal life especially his relationship with Simone de Beauvoir Although Beauvoir maintained a simultaneous relationship with philosopher Jean Paul Sartre the correspondence exchanged between Beauvoir Algren and Sartre as this book discusses sheds new light on her transatlantic love affair with Algren Moreover this work challenges the assertion that Algren's writing aligns seamlessly with the New Journalism style popularized by Tom Wolfe It investigates how Algren's literary legacy might have diverged had he embraced more of the principles associated with New Journalism [Seers and Judges](#) Christine Dunn Henderson, 2002-01-01 Alexis de Tocqueville asserted that America had no truly great literature and that American writers merely mimicked the British and European traditions of the eighteenth and nineteenth centuries This new edited collection masterfully refutes Tocqueville's monocultural myopia and reveals the distinctive role American poetry and prose have played in reflecting and passing judgment upon the core values of American democracy The essays profiling the work of Mark Twain F Scott Fitzgerald John Updike Edith Wharton Walt Whitman Henry James Willa Cather Walker Percy and Tom Wolfe reveal how America's greatest writers have acted as society's most ardent cheerleaders and its most penetrating critics Christine Dunn Henderson's exciting new work offers literature as a portal through which to view the philosophical principles that animate America's political order and the mores which either reinforce or undermine them [Thomas Wolfe Interviewed, 1929--1938](#) Aldo P. Magi, Richard Walser, 2002-03-01 In *Thomas Wolfe Interviewed 1929-1938* Aldo P Magi and Richard Walser have brought together twenty five accounts of Thomas Wolfe talking to the press ranging from the first interview he gave a conversation with a student journalist for New York University's Daily News to the last an interview with the Portland Sunday Oregonian in July 1938 only a few months before his death

These encounters with the working press have an appealing intimacy rarely found in biographies or scholarly studies Wolfe always happy to meet with journalists was ever ready to talk about the writing of *Look Homeward Angel* about Scribner's acceptance of the manuscript and about the book's popular reception As my book began to grow before me a wild sense of exultation and joyous elation seized me he told an interviewer for the *Rocky Mountain News* Walking along New York's Fifth Avenue with another interviewer just after *Look Homeward Angel*'s appearance Wolfe spotted a copy prominently displayed in a bookstore window and proudly pointed it out His eyes came away from the window unwillingly the reporter noted Nor did Wolfe shy away from addressing the outrage his first novel occasioned in his hometown If they think I have intended to case reflections on my old home and my own people they have gone far wrong he told an interviewer for the *Asheville Times* Wolfe talked about his southern upbringing his education his frequent trips to Europe and his life in New York He enjoyed discussing his favorite authors and books as well as what he himself planned to write in the future Wolfe had tremendous faith in America's ability to produce a great national literature Headnotes and afterwords place each interview in perspective heightening the reader's grasp of the varied situations in which Wolfe met with reporters In some instances the interviewers themselves reflect on their meetings with Wolfe For these interviews the journalists had no tape recorders and did not conduct the sort of length in depth interviews that have now become common The interviews are instead often the products of several hours of questioning put together from jotted down notes and from the reporters' memories Since most of these interviews have been buried in newspaper archives for decades even veteran Wolfe scholars will find much here that is fresh and useful

Tom Wolfe Harold Bloom, 2009 Presents a collection of critical essays about the works of Tom Wolfe

Maximum Feasible Participation Stephen Schryer, 2018-06-05 This book traces American writers' contributions and responses to the War on Poverty Its title comes from the 1964 Opportunity Act which established a network of federally funded Community Action Agencies that encouraged maximum feasible participation by the poor With this phrase the Johnson administration provided its imprimatur for an emerging model of professionalism that sought to eradicate boundaries between professionals and their clients a model that appealed to writers especially African Americans and Chicanos as associated with the cultural nationalisms gaining traction in the inner cities These writers privileged artistic process over product rejecting conventions that separated writers from their audiences Participatory professionalism however drew on a social scientific conception of poverty that proved to be the paradigm's undoing the culture of poverty thesis popularized by Oscar Lewis Michael Harrington and Daniel Moynihan For writers and policy experts associated with the War on Poverty this thesis described the cultural gap that they hoped to close Instead it eventually led to the dismantling of the welfare state Ranging from the 1950s to the present the book explores how writers like Jack Kerouac Amiri Baraka Gwendolyn Brooks Oscar Zeta Acosta Alice Walker Philip Roth and others exposed the War on Poverty's contradictions during its heyday and kept its legacy alive in the decades that followed
