FOREWORD

While this collection of duets correlates with the corresponding level of Alfred's Basic Adult Piano Course, Level 1, teachers should be aware that the pieces are written in a manner which makes them highly adaptable to almost any other method. The secondo parts, which can be played by the teacher or a more advanced student, are delightful accompaniments which serve to enhance the student's part. These duets would be particularly useful as supplementary material in a college or university class piano program as well as for individual instruction. Adults will find the pieces fun to play, musically rewarding, and very motivational!
