Keyton, Marshall Scott Poole**

## **Communicating In Groups And Teams:**

*Communicating in Groups and Teams* Gay Lumsden, Donald L. Lumsden, 1997 This book distinguishes itself in two major ways 1 its emphasis on teamwork and leadership skills and 2 its integration of ethics and multicultural diversity throughout all discussion of small group communication This book meets current market needs because of the recent attention given teams in business and industry the increasingly diverse nature of colleges and organizations and growing awareness that colleges should be challenging students to examine their own leadership competence and understand the ethical and social implications of the groups in which they participate

*Communicating in Groups and Teams* Joann Keyton, Stephenson Beck, 2022-10-13 Authors Joann Keyton and Stephenson J Beck present a communicative framework one that emphasizes the creation and management of messages as well as the reception and perception of meaning for the investigation of groups and teams The book also elaborates on the strategic and contextual nature of group interaction The book is structured around five key elements of groups all pieces of a puzzle that can be used to evaluate group effectiveness These are group size interdependence of members group identity group goals and group structure Throughout the book and in pedagogical features skills are grounded in a solid research base and further highlighted in Skill Builder and Theory Standout boxes Examples are extensive and true to life with many utilizing transcripts of group dialogues so students can see the communication process unfold Message and Meaning boxes A wide range of group types is presented from family and social groups to work teams and task groups to discussion and decision making groups Whether students experiences are with groups that are formal or informal personal or professional task oriented or relationally oriented they need communication skills to build and maintain relationships that support effective problem solving and decision making Building on the strengths of previous editions robust enhancements to this edition include new chapter opening stories examples of a wider variety of group types from in person to hybrid to virtual the inclusion of new trends and research and updated instructor and Active Learning resources

*Communicating in Groups* Joann Keyton, 2006 She provides frameworks for analyzing group interaction recommendations for effective group practice and numerous transcripts of authentic group communication that help to underscore the concepts

**BOOK JACKET**

**Communicating in Groups and Teams: Sharing Leadership** Gay Lumsden, Donald Lumsden, Carolyn Wiethoff, 2009-05-15 COMMUNICATING IN GROUPS AND TEAMS SHARING LEADERSHIP 5th Edition examines issues of teamwork and leadership with a strong focus on ethics and diversity The Fifth Edition addresses the recent attention given to teams in business and industry and includes an examination of technology s role in small group communication The text also explores the growing trend among colleges to challenge students understanding of their leadership competence and consider the ethical and social implications of group participation

**Communicating in Groups and Teams** Gay Lumsden, Donald Lumsden, Sandra Ketrow, 2003-08-01

Communicating in Groups Katherine L. Adams, Gloria J. Galanes, 2006 Communicating in Groups offers a concise step by step introduction to the theory and practice of small group communication and teaches students to develop and apply critical thinking in group problem solving With the firm belief that group participation can be an uplifting and energizing experience authors Kathy Adams and Gloria Galanes give students the tools they will need in order to achieve this outcome Research and theory are presented with a focus on what is important to students understanding their group experiences and making them effective communicators

**Small Group and Team Communication** Thomas E. Harris, John C. Sherblom, 2018-05-10 Much of contemporary communication occurs between and among small groups whether in person in a work setting or on the Internet via email Facebook or instant messages How we engage in our small group communication in each medium matters To be effective we have to consider our group roles norms cohesion process and phases of development as well as our personal verbal and nonverbal communication and listening styles To succeed as a member of a team we need to consider the limits of our personal experience and perspective recognize the creative strength of diverse perspectives in decision making and problem solving develop our conflict management skills and strengthen our leadership skills To be successful necessitates an understanding of group process participation style ethical group behavior and the influences of the medium Small Group and Team Communication explores all these different interconnections and the communication strategies we use in our work and social groups The authors use the systems perspective as their core approach throughout the text treating small groups as complex open systems reliant upon communication to achieve success Many chapters highlight the importance of considering ethics and diversity in relation to a variety of topics Harris and Sherblom address the growing influence of computer mediated communication to this discipline Real world applied examples show students that what they are learning are not simply abstract concepts but knowledge that will serve them outside the classroom

**Communicating in Groups and Teams** Lumsden, 1992-01-01 The Emerald Handbook of Group and Team Communication Research Stephenson J. Beck, Joann Keyton, Marshall Scott Poole, 2021-11-05 This volume considers the current research of group communication scholars provides an overview of major foci in the discipline and points toward possible trajectories for future scholarship It establishes group communication's central role within research on human behaviour and fosters an identity for group communication researchers
