Power and Policy in Communist Systems Gary K. Bertsch,1985 *Problems of Post-communism* ,2006 **The Challenge of World Communism** Hamilton Fish,1946 **Russia, a Warning and a Challenge** Sherwood Eddy,1923 Communist Russia Anne O'Hare McCormick,1929 Issues & Studies ,1988 *Papers and Proceedings of the Annual Meeting* American Economic Association,1930 *Challenges to Democracy* Sten Berglund,2001 The euphoria evidenced in the aftermath of the collapse of communist regimes in the late 1980s and early 1990s sometimes conveyed the impression that the process of democratization would be achieved without difficulty or tribulation This book sets out to provide a thorough comparative analysis of the challenges which face the emerging democracies of Central and Eastern Europe and considers the impact of political change Drawing heavily on available survey data the book provides an in depth account of how the new democracies of Central and Eastern Europe have coped with four major challenges political fragmentation nationalism lack of respect for human rights and poorly developed civil service systems The book demonstrates that although

the first few years of the 1990s were marked by increasing disenchantment with the new regimes the change of governments as a direct result of the electoral process and the prospects for European integration have served to reverse this negative trend Indeed the authors find that the new political systems have managed to cope with the challenges so effectively that striking similarities with Western democracies are now apparent Offering new insights into democratic transition Challenges to Democracy will appeal to political scientists diplomats and policymakers and economists with an interest in European and comparative politics

The Communist Challenge to Africa Ian Greig, 1977 The nineteen sixties and seventies have been troubled times for Africa The West's rush to decolonize left an open door for the world's new colonizing super power Russia When Russia and to a lesser extent China moved through that door the stage was set for the chaos and bloodshed that has become part and parcel of life on the continent Ian Greig Deputy Director of the Foreign Affairs Research Institute in London and author of the authoritative *The assault on the West* has taken a close look at the pattern of events that has emerged in Africa and makes it plain that foreign Communism is using the liberation of Africa as a stepping stone to its self proclaimed goal of world domination South Africa South West Africa and Rhodesia are clearly obstacles on the way to this goal obstacles that Moscow would very much like removed The conclusions drawn by the author are not pleasant but they must be faced
