*Introductory and Intermediate Algebra for College Students* Robert Blitzer, 2020-11-24     [Introductory and Intermediate Algebra for College Students, Books a la Carte Edition](#) Robert Blitzer, 2016-02-10 NOTE This edition features the same content as the traditional text in a convenient three hole punched loose leaf version Books a la Carte also offer a great value this format costs significantly less than a new textbook Before purchasing check with your instructor or review your course syllabus to ensure that you select the correct ISBN Several versions of Pearson s MyLab Mastering products exist for each title including customized versions for individual schools and registrations are not transferable In addition you may need a CourseID provided by your instructor to register for and use Pearson s MyLab Mastering products For courses in introductory and intermediate algebra Gets them engaged Keeps them engaged Bob Blitzer s use of realistic applications instantly piques students curiosity about the presence of mathematical concepts in the world around them These applications are apparent throughout the entire program from his relatable examples friendly writing style and thought provoking features in the textbook to the enhanced digital resources in the MyMathLab course Blitzer pulls from topics that are relevant to college students often from pop culture and everyday life to ensure that students will actually use their learning resources to achieve success With an expansion of the series to now include a Developmental Math all in one text with content spanning prealgebra through intermediate algebra and with an enhanced media program accompanying this revision developmental students at all levels will see how math applies to their daily lives and culture Also available with MyMathLab R MyMathLab is an online homework tutorial and assessment program designed to work with this text to engage students and improve results Within its structured environment students practice what they learn test their understanding and pursue a personalized study plan that helps them absorb course material and understand difficult concepts     **Algebra** Joanne S. Lockwood, Richard N. Aufmann, 2013-02-21 As in previous editions the focus in ALGEBRA INTRODUCTORY INTERMEDIATE 6E International Edition remains on the Aufmann Interactive Method AIM Students are encouraged to be active participants in the classroom and in their own studies as they work through the How To examples and the paired Examples and You Try It problems Student engagement is crucial to success Presenting students with worked examples and then providing them with the opportunity to immediately solve similar problems helps them build their confidence and eventually master the concepts Simplicity is key in the organization of this edition as in all other editions All lessons exercise sets tests and supplements are organized around a carefully constructed hierarchy of objectives Each exercise mirrors a preceding objective which helps to reinforce key concepts and promote skill building This clear objective based approach allows students to organize their thoughts around the content and supports instructors as they work to design syllabi lesson plans and other administrative documents New features like Focus on Success Apply the Concept and Concept Check add an increased emphasis on study skills and conceptual understanding to strengthen the foundation of student success The Sixth Edition also features a new

design enhancing the Aufmann Interactive Method and making the pages easier for both students and instructors to follow  
*Learning Guide for Introductory and Intermediate Algebra for College Students* ROBERT F. BLITZER,2020-07-20  
UPDATED Organized by learning objectives the Learning Guide helps students make the most of their textbook and prepare for tests Now updated to include projects students will have the opportunity to discover and reinforce the concepts in an active learning environment These projects are ideal for group work in class The Learning Guide is available in MyLab™ Math and available as a printed supplement

**Introductory and Intermediate Algebra: An Applied Approach** Richard N. Aufmann,Joanne Lockwood,2013-03-01 As in previous editions the focus in ALGEBRA INTRODUCTORY INTERMEDIATE remains on the Aufmann Interactive Method AIM Students are encouraged to be active participants in the classroom and in their own studies as they work through the How To examples and the paired Examples and You Try It problems Student engagement is crucial to success Presenting students with worked examples and then providing them with the opportunity to immediately solve similar problems helps them build their confidence and eventually master the concepts Simplicity is key in the organization of this edition as in all other editions All lessons exercise sets tests and supplements are organized around a carefully constructed hierarchy of objectives Each exercise mirrors a preceding objective which helps to reinforce key concepts and promote skill building This clear objective based approach allows students to organize their thoughts around the content and supports instructors as they work to design syllabi lesson plans and other administrative documents New features like Focus on Success Apply the Concept and Concept Check add an increased emphasis on study skills and conceptual understanding to strengthen the foundation of student success The Sixth Edition also features a new design enhancing the Aufmann Interactive Method and making the pages easier for both students and instructors to follow Available with InfoTrac Student Collections <http://gocengage.com/infotrac> Important Notice Media content referenced within the product description or the product text may not be available in the ebook version
