Alien Neighbors:

Alien Neighbors, Foreign Friends Charlotte Brooks, 2009-08-01 Between the early 1900s and the late 1950s the attitudes of white Californians toward their Asian American neighbors evolved from outright hostility to relative acceptance Charlotte Brooks examines this transformation through the lens of California's urban housing markets arguing that the perceived foreignness of Asian Americans which initially stranded them in segregated areas eventually facilitated their integration into neighborhoods that rejected other minorities Against the backdrop of cold war efforts to win Asian hearts and minds whites who saw little difference between Asians and Asian Americans increasingly advocated the latter group's access to middle class life and the residential areas that went with it But as they transformed Asian Americans into a model minority whites purposefully ignored the long backstory of Chinese and Japanese Americans early and largely failed attempts to participate in public and private housing programs As Brooks tells this multifaceted story she draws on a broad range of sources in multiple languages giving voice to an array of community leaders journalists activists and homeowners and insightfully conveying the complexity of racialized housing in a multiracial society [A New History of Asian America](#)

Shelley Sang-Hee Lee, 2026-01-22 The second edition of [A New History of Asian America](#) offers an expansive updated synthesis of the Asian American experience making it essential reading for those seeking a nuanced understanding of Asian America's role in shaping contemporary society Covering Asian American history from early Orientalist conceptions preceding the United States founding to the racial reckonings of the 2020s this work integrates cutting edge research with enduring historical narratives Groundbreaking in its approach the book addresses urgent contemporary issues such as neoliberal multiculturalism intensified immigration enforcement and anti Asian violence alongside deepened analysis of class gender and transnational dynamics Prominent case studies include post 9 11 racial profiling of Arabs and South Asians activism during the George Floyd protests and anti Asian violence linked to COVID 19 rhetoric This edition has been thoroughly revised incorporating significant developments and scholarly innovations of the last decade while reframing familiar histories to yield fresh insights into structural violence and diasporic agency The book remains committed to a central claim that Asian American history is fundamental to understanding broader American histories of race power and resistance Accessible yet rigorous this book is a vital resource for students scholars librarians booksellers and general readers alike

The Neighbor Nathaniel Southgate Shaler, 1904 **IRAQ-ISTAN** Arnold R. Girdharry, 2010-12-22 This volume of poems traces the process that the now existing American G I goes through from being an innocent boot camp inductee to being an experienced overseas combatant Many of these returning soldiers whether they are physically and mentally intact or not find that they have other wars to fight at home either external wars with their own government or internal wars within their own lives In this volume the heroic soldiers who have fought and those who are still fighting in the Middle East know that war is hell and so should the rest of us **A Compilation of the Messages and Papers of the**
