Developing ELF Programmes for Language Teaching Tomokazu Ishikawa,Paul McBride,Ayako Suzuki,2025-10-20
This book explores the possibilities of designing implementing and evaluating an English language teaching programme based on research in English as a lingua franca ELF Drawing on the editors and authors experiences in applying ELF research to pedagogy within a university setting the book challenges epistemological and institutional structures that position discrete constructs of the English language as central in pedagogy *International Journal of Religious Education*,1924 *The Abingdon Bible Commentary* Frederick Carl Eiselen,Edwin Lewis,David George Downey,1929 Energy Research Abstracts,1978 *The United States Catalog*,1921 **Books in Series, 1876-1949: Series** R.R. Bowker Company,1982 **Books in Series, 1876-1949: Series**,1982 **Current Week-day Religious Education** Philip Henry Lotz,1925 The Publishers Weekly,1927 *The Department of Christian Education in the Theological Seminary* Otto Frederick Nolde,1929 **Books in Series**,1982 Vols for 1980 issued in three parts Series Authors and Titles

Legitimacy in Peacebuilding Franzisca Zanker,2017-09-13 The book offers a critical analysis of legitimacy in peacebuilding with a focus on peace negotiations and civil society participation in particular The aim of this book is to unpack the meaning of legitimacy for the population in peacebuilding processes and the relationship this has with civil society involvement There is a growing consensus for addressing local concerns in peacebuilding with the aim of ensuring local ownership Moreover scholars have noted a relationship between civil society inclusion in peace negotiations and legitimacy Yet the very idea of legitimacy remains a black box Using data from original empirical fieldwork including over 100 semi structured interviews and 12 focus group discussions the book focuses on two case studies of negotiations that respectively ended a long civil war in Liberia in 2003 and ended the post election violence in Kenya in 2008 It argues that civil society involvement is conceptually insufficient to show a multidimensional understanding of legitimacy Instead the book shows a complex picture of legitimate peace negotiations based on outcome and participation based characteristics with the involvement of both guarantors of legitimacy and a more general civic agency which includes the general population Through forms of participative communication the passive audience become active stakeholders in the construction of legitimacy This has repercussions for how we think about civil society and peacebuilding more generally This book will be of much interest to students of peacebuilding conflict resolution security studies and IR in general Training for World Friendship Ina Corinne Brown,1929 Books of 1912- Chicago Public Library,1923 **The Missionary Education of Intermediates** Mrs. Mable Gardner Kerschner,1929 **Energy Research Abstracts**,1978 **The Illinois Trumpet Call**,1918 **Serials in the British Library**,2006 **The Education Index**,1959 *Complete Book of Colleges* Princeton Review (Firm),2009-08-04 Target the schools that best match your interests and goals TheComplete Book of Collegesprofiles all of the four year colleges in the U S more than 1 600 and is the key to a successful college search Complete Book of Collegesis packed with all
