responsibilities to help the reader gain an understanding of their client's experience. Focus on health and wellness establishes a positive perspective to aging. Careful attention to age, cultural, and gender differences are integrated throughout to help the nurse understand these important considerations in caring for older adults. Each chapter provides a consistent organization including learning objectives, research study questions, activities, assessment guidelines, and tables, boxes, and forms to provide useful tools for practice. Activities and discussion questions at the end of every chapter provide situations to expand student knowledge and understanding. Appendices and resource lists assist in further exploration of material. Text correlates with federal guidelines for Healthy People 2010 to assist the student in integrating knowledge about healthy aging considerations. Expanded content on pharmacologic and nonpharmacologic pain management in Chapter 15 and integrated within appropriate content sections. Completely revised Culture and Aging chapter includes discussions of health disparities and working with interpreters to help identify nursing care interventions appropriate for ethnic elders. New author team with Theris Touhy and Kathleen Jett adds a wealth of experience related to gerontological nursing education and research.
