Abortion Toward An Evangelical Consensus:

Abortion: Toward an Evangelical Consensus Paul B. Fowler, 1990 Describes the arguments on each side of the abortion question examines the teachings of the Scriptures and argues that compassion has been a barrier to consensus

Abortion Paul B. Fowler, 1987 [Evangelical Dictionary of Theology \(Baker Reference Library\)](#) Walter A. Elwell, 2001-05-01 Fifteen years after its original publication comes a thoroughly revised edition of the Evangelical Dictionary of Theology Every article from the original edition has been revisited With some articles being removed others revised and many new articles added the result is a completely new dictionary covering systematic historical and philosophical theology as well as theological ethics [Evangelical Bible Doctrine](#) Dr. Keith Sherlin, 2015-12-10 Over twenty one faithful evangelical Bible teachers have joined together in this work to both honor the legacy of Dr Mal Couch as well as to promote a solid sacred and safe theological manual for the body of Christ Colleagues and friends of Dr Couch such as Dr Wayne House Dr Norman Geisler Dr Arnold Fruchtenbaum Dr Timothy Demy and more along with many of Mals students and disciples set forth in this work a biblical and practical theology The first half of the book covers all twelve of the major biblical doctrines of Christianity The last half covers some of the hottest theological topics and practical issues that present day believers ought to be aware of in order to properly defend the faith In chapter 25 you will meet many of the disciples in Christ that Mal taught over the years as they express their gratitude for this godly giant of the faith So if you are curious about what a holistic evangelical faith looks like and even curious as to how dispensationalism fits within orthodox evangelicalism this book will provide for you a solid resource for many years to come **Uncertain Terms** Faye Ginsburg, Lowenhaupt Tsing, 1992-08-31 No separate and extended discussion of lesbianism but some of the writers e g Ellen Lewin p 199 et seq are open to including lesbians in their descussions Again no index alas P Thorslev **Where Is the Evangelical Church?** Tim den Bok, 2017-07-20 This little book is a clarion call to the Evangelical Church of Canada to respond to the plight of the preborn Drawing upon Scripture the testimony of contemporary evangelical leaders and church tradition the author sets forth a case that the mass shedding of innocent blood such as is the case with the legalized practice of abortion in Canada is an emergency that calls for extraordinary action by the Church **A Public Faith** Michael Cromartie, 2003 The essays in this volume take another look at the role of evangelicals in American civic life The prominent contributors examine evangelicals beliefs and activity on topics ranging from bioethics to race relations and welfare reform to international human rights Taken together the essays show that contrary to what critics have proclaimed the social commitment of evangelicals extends considerably beyond family related issues and that their activity in the public sphere makes an essential contribution to the public good Co published with the Ethics and Public Policy Center **An Introduction to Biblical Ethics** J. Robertson McQuilkin, 1995 A highly readable book which states the need for a clear system of moral values and duties based on solid biblical scholarship and an understanding of today s culture Part One deals with what the Bible says about love law sin and

ethics Part Two tells how to apply all these biblical principles to life

Abortion and America's Churches Daniel K. Williams, 2025-10-01 *Abortion and America's Churches* explores the surprising history of how American Christians think about abortion. Many people assume that Christians have steadfastly condemned abortion throughout the United States's history. Daniel K. Williams overthrows all assumptions about the unity, consistency, or simplicity of American Christian thought and belief in this groundbreaking new book. He demonstrates that churches in the United States have fought among themselves and with the wider culture as they developed and enforced their stance on abortion, revealing major struggles to define their often-changing positions. Far from a cynical exercise of political interest changes and disagreements arose from serious theological considerations informed by each tradition's approach to the faith. These theological shifts and corresponding shifts in interreligious political alliances led to the changing fortunes of *Roe v. Wade*. By capturing the fascinating and complicated history informing each faith's position, *Abortion and America's Churches* restores much-needed context to the sharp polarization over abortion today.

[Biblical Counsel](#), 1993 *Perspectives on Science and Christian Faith*, 1989

Ethics for a Brave New World, Second Edition (Updated and Expanded) John S. Feinberg, Paul D. Feinberg, 2010-11-04 Aldous Huxley's 1932 book *Brave New World* foresees a world in which technological advances have obliterated morality and freedom. John Feinberg and Paul Feinberg in the first edition of *Ethics for a Brave New World* noted how Huxley landed frighteningly close to the truth. Their book responded to ethical crises such as abortion, euthanasia, capital punishment, and genetic engineering by looking to Scripture for principles to guide us through the moral quagmires of our time. Now dramatically updated and expanded, this edition of *Ethics for a Brave New World* seeks to maintain the relevance, rigorous scholarship, and biblical faithfulness of the first edition. While many of the topics covered in the book remain the same, John Feinberg has revised each chapter to keep it current with contemporary trends and to respond to the most recent scholarship. There is a new chapter on stem cell research and greatly expanded material on issues such as homosexuality and genetic engineering. This important resource will be a valuable guide for students and those seeking answers to ethical dilemmas.

[Evangelical Dictionary of Biblical Theology](#) Walter A. Elwell, 1996 Baker Reference Library offers the finest of evangelical scholarship to both scholars and laypeople. Each of the contributions is easy to understand and easy to use thanks to their one-volume format. These volumes serve as ideal home reference books for laity, handy resources for pastors and church leaders, and reliable supplemental texts for courses in Christian colleges and seminaries.

Abortion James Karl Hoffmeier, 1987 This collection of essays is designed to increase a reader's understanding of the facts, issues, principles, and values that should be part of any discussion regarding abortion. It is no accident that Wheaton College professors have authored the essays. After all, disseminating information is one of the tasks of a college. Along with the family, the media, and the church, they play a major role in conveying or changing the values that shape our decisions and therefore determine the nature of society itself.

Ethics John K. Roth, 2005 **From Rage to Responsibility** Jesse Lee Peterson, Brad

Stetson,2000-08 Through the prism of Jesse Lee Peterson s fascinating life experience and his history of grassroots community work on the streets of riot torn South Central Los Angeles this provocative book takes a critical look at the current civil rights establishment With a foreword by best selling ethicist Dennis Prager **Under God** Garry Wills,1990 Explores the relation of religion and politics in American life **The Christian, the Arts, and Truth** Frank E.
