*The Buddha and Religious Diversity* J. Abraham Vélez de Cea,2013 Providing a rigorous analysis of Buddhist ways of understanding religious diversity this book develops a new foundation for cross cultural understanding of religious diversity in our time Examining the complexity and uniqueness of Buddha s approach to religious pluralism using four main categories namely exclusivism inclusivism pluralistic inclusivism and pluralism the book proposes a cross cultural and interreligious interpretation of each category thus avoiding the accusation of intellectual colonialism The key argument is that unlike the Buddha most Buddhist traditions today including Theravda Buddhism and even the Dalai Lama consider liberation and the highest stages of spiritual development exclusive to Buddhism The book suggests that the Buddha rejects many doctrines and practices found in other traditions and that for him there are nonnegotiable ethical and doctrinal standards that correspond to the Dharma This argument is controversial and likely to ignite a debate among Buddhists from different traditions especially between conservative and progressive Buddhists The book fruitfully contributes to the literature on inter religious dialogue and is of use to students and scholars of Asian Studies World Religion and Eastern Philosophy

Aronson, Ph.D.,2004-08-10 This is the first book to offer Buddhist meditators a comprehensive and sympathetic examination of the differences between Asian and Western cultural and spiritual values Harvey B Aronson presents a constructive and practical assessment of common conflicts experienced by Westerners who look to Eastern spiritual traditions for guidance and support and find themselves confused or disappointed Issues addressed include Our cultural belief that anger should not be suppressed versus the Buddhist teaching to counter anger and hatred Our psychotherapists advice that attachment is the basis for healthy personal development and supportive relationships versus the Buddhist condemnation of attachments as the source of suffering Our culture s emphasis on individuality versus the Asian emphasis on interdependence and fulfillment of
