*Revival: Outlines of Buddhism: A historical sketch (1934)* Rhys Davids,2018-04-20 This book discusses what is now called Buddhism It started as an effort to strengthen a weak point in that immanence which had become the accepted religious teaching in the valley of the Ganges by showing that the God in man was realizable not by gnosis and ritual but in conduct Conduct needed to be brought into religion into the relation between man and his eternal destiny Man s being is more truly becoming and only in and by becoming a More will he attain to an actual not potential Most In teaching a More worth in conduction Buddhism brought in a teaching of the man himself as Less      Buddhism: Being a Sketch of the Life and Teachings of Gautama, the Buddha T.W. Rhys Davids,1878      Buddhism Being a Sketch of the Life and Teachings of Gautama T. W. Rhys Davids,2015-06-04 Excerpt from Buddhism Being a Sketch of the Life and Teachings of Gautama When this little manual of Buddhism was first written in 1877 the number of European books on the subject was indeed not small but the number of accessible authorities or texts by the Buddhists themselves was very small indeed It was therefore a very venturesome undertaking to attempt to give an account of a system on which its European interpreters differed irreconcilably at a time when they could not be brought to bar before the original authorities There were two points especially which to have misunderstood would have meant to have failed in the attempt the actual facts of the life of the Buddha himself and the real meaning of his ideal of life of what in other words was always called in the European books Nirvana Seventeen years have now elapsed Nearly half the original authorities have since appeared in texts or translations or both and ample opportunity has been afforded to scholars to point out any errors that had been committed The result is very encouraging About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      Buddhism Thomas W.
