## **Buddhism From Within An Intuitive Introduction To Buddhism:**

**Buddhism from Within** Jiyu Kennett, Daizui MacPhillamy, 2003 Buddhism From Within is a common sense introduction to Buddhism that does not rely on a lot of technical terms or foreign words or delve too deeply into religious theory or doctrine. Instead, the book speaks to readers interested in exploring Buddhism on a general intuitive level. It introduces the essential principles of Buddhism as they are experienced in the daily life of practising Buddhists, giving a sense of how Buddhists view the universe and what life is like for a Buddhist.

**Regionalism and Globalization** Joseph J. Matvey III Ph.D Sociology, 2010-06-17 Regionalism and Globalization represents research on three thematics: Appalachia, Global Computerization, and Globalization. First, the spatial expression of corporate, national, and transnational capitalism essentially created the peripheralization of Appalachia, and today fuels the development of underdevelopment in the region. Computerization, a second thematic concern, is essentially perceived as one of the more significant instruments facilitating the technological compression of the globe. In fact, as computerization is more comprehensively embedded in the techno-social aspects of globalization, it now becomes possible to speak of global computerization or the objective computerization of the globe. Finally, Globalization is not merely a theme but a comprehensive paradigmatic shift in how we know the world. It is further a systematic overarching process subsuming and in fact configuring and reordering the former two constructs of Appalachia and Computerization. Additionally, explored research includes global religion, education, international organizations, popular culture, and the global internet, global sociology, the concept of humanity, and finally the global implications of Windows and Linux computer operating systems.

**Making the Right Choice** Asha L. Abeyasekera, 2021-03-12 Making the Right Choice unravels the entangled relationship between marriage, morality, and the desire for modernity as it plays out in the context of middle class status concerns and aspirations for upward social mobility within the Sinhala Buddhist community in urban Sri Lanka. By focusing on individual life histories spanning three generations, the book illuminates how narratives about a gendered self and narratives about modernity are mutually constituted and intrinsically tied to notions of agency. The book uncovers how becoming modern in urban Sri Lanka, rather than causing inter-generational conflict, is a collective aspiration realized through the efforts of bringing up educated and independent women capable of making right choices. The consequence of this collective investment is a feminist conundrum: agency does not denote the right to choose but the duty to make the right choice; hence, agency is experienced not as a sense of freedom but rather as a burden of responsibility.

**The Best Buddhist Writing 2004** Melvin McCleod, 2004 Along with the editors of The Shambhala Sun, McCleod collects writings from The Dalai Lama on how to find job satisfaction, Barbara Gates on love, home, and spirit, Phillip Moffitt on the difference between goals and intentions, and other significant writings from 2004.

**Shambhala Sun, 2004**

**World Religions** Jeaneane D. Fowler, 2000-09-01 An introduction to the world religions of Judaism, Christianity, Islam, Hinduism, Buddhism, and Sikhism. Emphasis is placed on the living religion, and the whole work is

designed as a first level introduction for those who have little or no previous knowledge of these religions

**The Buddha Within** Susan K. Hookham, 1991-05-30 Tathagatagarbha Buddha Nature is a central concept of Mahayana Buddhism crucial to all the living practice traditions of Tibetan and Zen Buddhism Its relationship to the concept of emptiness has been a subject of controversy for seven hundred years Dr Hookham s work investigates the divergent interpretations of these concepts and the way the Tibetan tradition is resolving them In particular she does this with reference to the only surviving Indian commentary on the Tathagatagarbha doctrine the Ratnagotravibhaga This text addresses itself directly to the issue of how to relate the doctrine of emptiness the illusory nature of the world to that of the truly existing changeless Absolute the Buddha Nature This is the first work by a Western writer to present an analysis of the Shentong tradition based on previously untranslated sources The Shentong view rests on meditative experience that is inaccessible to the conceptualizing mind It is deeply rooted in the sutra tradition of Indian Buddhism and is central to an understanding of the Mahamudra and Dzogchen traditions and Tantric practice among Kagyupas and Hyingmapas

**Buddha and Early Buddhism** Arthur Lillie, 1881
