set a dangerous precedent Mindfulness is in fashion Oprah loves it Google teaches it to employees it has become widespread as a cure all for stress health problems and psychological difficulties interpersonal trouble and existential anxiety However when its proponents try to make it more accessible by severing it from its Buddhist roots they run the risk of leeching mindfulness of its transformative power Taught outside of its ethical and spiritual context it becomes a mere means to an end rather than a way of life Mindfulness is in danger of being co opted into the spiritual equivalent of fast food McMindfulness Instead of being better people we just become better employees better consumers The Zen teachers gathered here ask a bold question Is universal mindfulness really a good thing Ranging from thoughtful critiques to personal accounts of integrating mindfulness into daily life each chapter offers insights to ground mindfulness in a deeper understanding of both where it comes from and where it might be headed With contributions from Marc Poirer Robert Meikyo Rosenbaum Barry Magid Hozan Alan Senauke Sallie Jiko Tisdale Gil Fronsdal Max Erdstein Zoketsu Norman Fischer Janet Jiryu Abels Grace Schireson Sojun Mel Weitsman and Robert Sharf Finding Awakening Christiane Michelberger,2022 *Awakening the Buddha Within* Lama Surya Das,1998-06-15 Lama Surya Das the most highly trained American lama in the Tibetan tradition presents the definitive book on Western Buddhism for the modern day spiritual seeker The radical and compelling message of Buddhism tells us that each of us has the wisdom awareness love and power of the Buddha within yet most of us are too often like sleeping Buddhas In *Awakening the Buddha Within* Surya Das shows how we can awaken to who we really are in order to lead a more compassionate enlightened and balanced life It illuminates the guidelines and key principles embodied in the noble Eight Fold Path and the traditional Three Enlightenment Trainings common to all schools of Buddhism Wisdom Training Developing clear vision insight and inner understanding seeing reality and ourselves as we really are Ethics Training Cultivating virtue self discipline and compassion in what we say and do Meditation Training Practicing mindfulness concentration and awareness of the present moment With lively stories meditations and spiritual practices *Awakening the Buddha Within* is an invaluable text for the novice and experienced student of Buddhism alike *The Bodhicaryavata : a Guide to the Buddhist Path to Awakening* Kate Crosby,1996 *Awakening the Mind of Enlightenment* Namgyal Wangchen,1987 A New Buddhist Path David Loy,2015-02-03 David R Loy addresses head on the most pressing issues of Buddhist philosophy in our time What is the meaning of enlightenment is it an escape from the world or is it a form of psychological healing How can one reconcile modern scientific theory with ancient religious teachings What is our role in the universe Loy shows us that neither Buddhism nor secular society by itself is sufficient to answer these questions Instead he investigates the unexpected intersections of the two **Silent Illumination** Guo Gu,2021-03-09 Our natural awakening or buddha nature is inherent within all of us and waiting to be realized Buddha nature has the qualities of both silence and illumination and by working with silent illumination meditation you can find your own awakening Distinguished Chan Buddhist teacher Guo Gu introduces you to the significance and methods of this practice through in depth explanations and

Apple,2025-06-10 This book contains a lost Stages of the Path Lamrim work composed by the originator of the genre Atisa one of the greatest Indian Buddhist masters to ever set foot in Tibet Nearly a millennium ago the great Indian Buddhist master Atisa Dipamkarasrij ana ca 982 1054 wrote a guidebook for realizing all the stages to awakening at the repeated request of his closest Tibetan disciple Atisa is famously the author of the Lamp for the Path to Awakening Bodhipathapradipa a short work in verse but this longer prose work has been virtually unknown even in Tibet until now Atisa s Stages of the Path Awakening Bodhipathakrama translated here synthesizes all aspects of Buddhist practice from the very beginning of the path reflecting on the fortunate opportunity of human rebirth up through to attaining omniscient buddhahood by nondual meditation The Indian master s faithful disciple Dromt npa kept these teachings secret and they were only transmitted to select disciples in a closely guarded transmission but the lineage died out centuries ago after Dromt npa s Kadam school was eclipsed by history Now this significant work of Buddhist path literature has become available owing to recently recovered manuscripts of the Kadampas This book offers a study and complete translation from the Tibetan of this monument of guidance on the Buddhist path accompanied by the commentaries and ritual texts that were transmitted alongside Atisa s text Apple s substantial introduction includes a structural comparison with Atisa s famous work charts the transmission lineage for the present work before it died out and explores various hypotheses for why their fates diverged Recovered from the contingencies of history this book brings to life one of the most holistic and integrated approaches to the highest realizations of the Indian Buddhist path ever transmitted in Tibet Heart of the Shin Buddhist Path Takamaro Shigaraki,2013-02-18 In his Heart of the Shin Buddhist Path Takamaro Shigaraki examines Shin Buddhism anew as a practical path of spiritual growth and self transformation challenging assessments of the tradition as a passive religion of mere faith Shigaraki presents the core themes of the Shin Buddhist path in fresh engaging down to earth language considering each frankly from both secular and religious perspectives Shigaraki discloses a nondual Pure Land that finds philosophical kinship with Zen but has been little discussed in the West With its unassuming language and insights drawn from a life of practice Heart of the Shin Buddhist Path dispels the fog of misconception that has shrouded Western appreciation of Shin traditions to reveal the limitless light of Amida Buddha that reaches all *Shambhala Sun* ,2003
