Buddhist Temple:

Japanese Buddhist Temples in Hawaii George J. Tanabe, Jr., Willa Jane Tanabe, 2012-10-31 Upon entering a Japanese Buddhist temple in Hawaii most people whether first time visitors or lifelong members are overwhelmed by the elaborate and complex display of golden ornaments intricately carved altar tables and incense burners and images of venerable masters and bodhisattvas These objects as well as the architectural elements of the temple itself have meanings that are often hidden in ancient symbolisms This book written by two local authorities on Japanese art and religion provides a thorough yet accessible overview of Buddhism in Hawaii i followed by a temple by temple guide to the remaining structures across the state Introductory chapters cover the basic history teachings and practices of various denominations and the meanings of objects commonly found in temples Taken together they form a short primer on Buddhism in Japan and Hawaii i The heart of the book is a narrative description of the ninety temples still extant in Hawaii i Augmented by over 350 color photographs each entry begins with historical background information and continues with descriptions of architecture sanctuaries statuary and ritual implements columbariums and grounds Appended at the end is a chart listing each temple s denomination membership number and architectural type While many Buddhist temples in Hawaii i are active social and religious centers a good number are in serious decline In addition to being an introduction to Buddhism and a guide book *Japanese Buddhist Temples in Hawaii i* is an indispensable historical record of what exists today and what may be gone tomorrow It will appeal to temple members pilgrims residents and tourists interested in local cultural and historic sites and historians of Buddhism in Hawaii i

Buddhist Temples Anne Geldart, 2006 What is a Buddhist temple Who works there Why is the shrine to Bodhgaya so important Find out the answers to these and other questions in this fact filled title

Dixie Dharma Jeff Wilson, 2012-04-16 Buddhism in the United States is often viewed in connection with practitioners in the Northeast and on the West Coast but in fact it has been spreading and evolving throughout the United States since the mid nineteenth

century In Dixie Dharma Jeff Wilson argues that region is crucial to understanding American Buddhism Through the lens of a multid denominational Buddhist temple in Richmond Virginia Wilson explores how Buddhists are adapting to life in the conservative evangelical Christian culture of the South and how traditional Southerners are adjusting to these newer members on the religious landscape Introducing a host of overlooked characters including Buddhist circuit riders modernist Pure Land priests and pluralistic Buddhists Wilson shows how regional specificity manifests itself through such practices as meditation vigils to heal the wounds of the slave trade He argues that southern Buddhists at once use bodily practices iconography and meditation tools to enact distinct sectarian identities even as they enjoy a creative hybridity Library of Congress Subject Headings Library of Congress.
