Buffalo, Lake City in Niagara Land
Buffalo's Waterfront Renaissance Gene Bunnell, 2024-09-01 This book tells the remarkable story of how Buffalo's post industrial waterfront was reclaimed for public use and enjoyment and pays tribute to the many local citizens and nongovernmental organizations that made the city's waterfront renaissance possible After years of litigation public controversy and debate preservationists and environmentalists ultimately succeeded in persuading the state to abandon its contentious plans for privately developing Buffalo's waterfront Gene Bunnell an experienced urban planner lays out the Buffalo waterfront's long and troubled history from the torrent of shipping and commercial activity that was unleashed by the opening of the Erie Canal to the contamination of the Buffalo River due to waterside industries to how the Outer Harbor the last portion of the waterfront to be industrially developed was reshaped and contaminated by filling in low lying areas with a toxic mix of waste materials Drawing on interviews and articles editorials and op eds from The Buffalo News Bunnell provides the reader with a real time sense of how the struggle over the future of Buffalo's waterfront unfolded and the ultimate victory by local activists to secure environmental cleanup restored natural habitats and expanded public waterfront access

The Last Fine Time Verlyn Klinkenborg, 2004-04 By turns an elegy a celebration and a social history The Last Fine Time is a tour de force of lyrical style Verlyn Klinkenborg chronicles the life of a family owned restaurant in Buffalo New York from its days as a prewar Polish tavern to its reincarnation as George Eddie's a swank nightclub serving highballs and French fried shrimp to a generation of optimistic and prosperous Americans In the inevitable dimming of the neon sign outside the restaurant we see both the passing of an old world way of life and the end to the postwar exuberance that was Eddie Wenzek's last fine time

Canal Town Youth Julia Hall, 2001-01-11 This book considers how impoverished youth living in a deindustrialized urban neighborhood struggle to make sense of their lives in today's economy Using participant observation and in depth interviews with a group of eighteen white middle school girls and boys who walk each day from their multi ethnic bilingual school to the historically white Irish community center the author discovered that the poor white youth are experiencing lives saturated with domestic violence and marked by a strong sense of racism She also found that the youth position the community center as a space in which they feel a sense of safety belonging and importance But upon closer examination the community center can also be seen as a literal white construction site where the scaffolding that supports and sustains white supremacist ideology is produced and encouraged within children within the neighborhood across communities and across generations

Pud Galvin Brian Martin, 2016-09-29 Despite his outstanding pitching record James Francis Pud Galvin 1856 1902 was largely forgotten after his premature death During his 18 year career with Pittsburgh Buffalo and St Louis he was one of the best paid players in the game but died penniless The diminutive hurler was the first to reach 300 wins and only four pitchers have amassed more A determined researcher documented Galvin's record

decades after his death and he was enshrined in the Hall of Fame in 1965 with 365 wins This book is the first comprehensive biography of Galvin and his use of a testosterone based concoction with eye popping results which earned him newfound attention as a pioneer of performance enhancing drugs The Encyclopedia of New York State Peter Eisenstadt,2005-05-19 The Encyclopedia of New York State is one of the most complete works on the Empire State to be published in a half century In nearly 2 000 pages and 4 000 signed entries this single volume captures the impressive complexity of New York State as a historic crossroads of people and ideas as a cradle of abolitionism and feminism and as an apex of modern urban suburban and rural life The Encyclopedia is packed with fascinating details from fields ranging from sociology and geography to history Did you know that Manhattan s Lower East Side was once the most populated neighborhood in the world but Hamilton County in the Adirondacks is the least densely populated county east of the Mississippi New York is the only state to border both the Great Lakes and the Atlantic Ocean the Erie Canal opened New York City to rich farmland upstate and to the west Entries by experts chronicle New York s varied areas politics and persuasions with a cornucopia of subjects from environmentalism to higher education to railroads weaving the state s diverse regions and peoples into one idea of New York State Lavishly illustrated with 500 photographs and figures 120 maps and 140 tables the Encyclopedia is key to understanding the state s past present and future It is a crucial reference for students teachers historians and business people for New Yorkers of all persuasions and for anyone interested in finding out more about New York State
