Building Together A Memoir Of Our Lives In Seattle:

Building Together William James Bain, Mildred Clark Bain, 1991 1015 Second Avenue ,2010 Shaping Seattle Architecture Jeffrey Karl Ochsner, 2016-06-01 The first edition of Shaping Seattle Architecture published in 1994 introduced readers to Seattle's architects by showcasing the work of those who were instrumental in creating the region's built environment. Twenty years later the second edition updates and expands the original with new information and illustrations that provide an even richer exploration of Seattle architecture. The book begins with a revised introduction that brings the story of Seattle architecture into the twenty-first century and situates developments in Seattle building design within local and global contexts. The book's fifty-four essays present richly illustrated profiles that describe the architects' careers, provide an overview of their major works, and explore their significance. Shaping Seattle Architecture celebrates a wide range of people who helped form the region's built environment. It provides updated information about many of the architects and firms profiled in the first edition. Four individuals newly included in this second edition are Edwin J. Ivey, a leading residential designer; Fred Bassetti, an important contributor to Northwest regional modernism; L. Jane Hastings, one of the region's foremost women in architecture; and Richard Haag, founder of the landscape architecture program at the University of Washington and designer of Gas Works Park and the Bloedel Reserve. The book also includes essays on the buildings of the Coast Salish people who inhabited Puget Sound prior to Euro-American settlement; the role that architects played in speculative housing developments before and after World War II; and the vernacular architecture built by nonprofessionals that makes up a portion of the fabric of the city. Shaping Seattle Architecture concludes with a substantial reference section updated to reflect the last twenty years of research and publications. A locations appendix offers a geographic guide to surviving works. The research section directs interested readers to further resources, and the appendix **Seattle Architects** provides thumbnail sketches of nearly 250 important figures not included in the main text. **Seattle Genealogical Society Bulletin** ,1992 **Exploring Osaka** David M. A variety of suggested sightseeing itineraries are included, as well as recommended museums, restaurants, and hotels, a list of festival dates, and sources of additional information. **Subject Guide to Books in Print** ,1993 **Pacific Northwest Quarterly** ,1991 *PNLA Quarterly* Pacific Northwest Library Association, 1993 *Your Life is a Book* Brenda Peterson, Sarah Jane Freymann, 2014-10-14 Learn how to write your memoir and get published with the help of two well-known publishing professionals.
