excerpts from important court opinions and to choose experts from around the world to contribute essay guides which illuminate those cases. Although the main focus is recent case law from the major international tribunals and regional courts, the first four parts of each year's edition features expert articles by renowned scholars who address broader themes in current and future developments in international law and global policy themes that appear throughout the case law of the many courts covered by the series as a whole. The Global Community Yearbook has thus become not just an indispensable window to recent jurisprudence; the series now also serves to prepare researchers for the issues facing emerging global law. The 2016 edition of The Global Community Yearbook both updates readers on the important work of long-standing international tribunals and introduces readers to more novel topics in international law. The Yearbook has established itself as an authoritative resource for research and guidance on the jurisprudence of UN-based tribunals and regional courts. The 2016 edition continues to provide expert coverage of the EU Court of Justice and diverse tribunals from the International Court of Justice (ICJ) to criminal tribunals such as the International Criminal Court (ICC) and the Tribunals for the Former Yugoslavia and Rwanda, to economically based tribunals such as ICSID and the WTO Dispute Resolution panel, to human rights courts such as ECtHR and IACtHR. This edition contains original research articles on the development and analysis of the concept of global law and the views of the global law theorists, such as the Editorial focusing on a new remedy for the violation of the jus cogens principle concerning the imprescriptibility of torture. This edition also includes expert introductory essays by prominent scholars in the realm of international law on topics as diverse and current as the role of the WTO's Appellate Body in interpreting the TRIPS Agreement and an examination of the EU Court of Justice data protection framework in light of the EU Charter of Fundamental Rights. Researchers will find detailed guidance on a rich diversity of legal topics from an examination of the processes under which transnational criminal law norms have been adopted and the process under which these norms have been globally implemented, to the impact post-conviction DNA testing has had on the criminal justice system in the United States. This edition also provides students, scholars, and practitioners a valuable combination of expert discussion and direct quotes from the court opinions to which that discussion relates. This publication can also be purchased on a standing order basis. American Bookseller, 1989 **World Travel Guide**, 2001

Bookseller, 1998 **AA Spiral Guide Tunisia** S. C. Munro-Hay, Automobile Association (Great Britain) Staff, 2005-02. Including details for starting out on your trip to Tunisia from airport to shops, this guide splits each destination into geographical zones and provides a colour-coded overview of the top attractions and includes informative articles to set the scene.
