Travellers' Colloquial German Howard Swan,1903 *Kant's Theory of Value* Christoph Horn,Robinson dos Santos,2022-10-03 In explicit form Kant does not speak that much about values or goods The reason for this is obvious the concepts of values and goods are part of the eudaimonistic tradition and he famously criticizes eudaimonism for its flawed material approach to ethics But he uses on several occasions the traditional teleological language of goods and values Especially in the Groundwork and the Critique of Practical Reason Kant develops crucial points on this conceptual basis Furthermore he implicitly discusses issues of conditional and unconditional values subjective and objective values aesthetic or economic values etc In recent Kant scholarship there has been a controversy on the question how moral and nonmoral values are related in Kant s account of human dignity This leads to the more fundamental problem if Kant should be seen as a prescriptivist antirealist or as subscribing to a more objective rational agency account of goods This issue and several further questions are addressed in this volume **Verbal Interaction in Small-group Activities** Daniel Stotz,1991
