## **Aaron Siskind Photographer:**

**Aaron Siskind, Photographer** Aaron Siskind,1965      **Aaron Siskind** James Rhem,2003-06-01 Aaron Siskind 1903 1991 was an acclaimed photographer and teacher who sought to develop a new pictorial language for photography Best known for his remarkable abstract images Siskind sought inspiration for his photographs in music poetry and painting Siskind's aptitude for teaching led him to become one of the most important photography teachers in America in the 20th century influencing generations of photographers at the Chicago Institute of Design and the Rhode Island School of Design over a 40 year period      **Aaron Siskind** ,2014-11-15 Aaron Siskind 1903 1991 was a major figure in the history of American photography A leading documentary photographer who was active in the New York Photo League in the 1930s Siskind moved beyond the social realism of his early work as he increasingly came to view photography as a visual language of signs metaphors and symbols the equivalent of poetry and music Through the forties and fifties he developed new techniques to photograph details and fragments of ordinary commonplace materials This radical new work transformed Siskind's image making from straight photography to abstraction from documentation to expressive art His concern with shape line gesture and the picture plane prompted immediate comparison with abstract expressionist painting particularly with the art of Franz Kline and Robert Motherwell It took some years for Siskind's unprecedented photography to gain full acceptance but by the 1970s he was an acknowledged master publishing and exhibiting widely Siskind was also one of the founding donors who established the archive at the Center for Creative Photography Aaron Siskind's oeuvre is so original that it defies classification and it has not received the sustained critical attention that it richly merits In fact there are no other books on Siskind currently in print Aaron Siskind presents the first complete retrospective of this legendary photographer It highlights important rarely published bodies of work from Harlem from Bucks County architecture and from the Tabernacle Gloucester Martha's Vineyard Louis Sullivan and Pleasures and Terrors of Levitation photo series The book also includes an introduction by Gilles Mora an expert on modern American photography and texts by critic and photographer Charles Traub This study based on the Siskind archives at the Center for Creative Photography and supported by the Aaron Siskind Foundation fills a resounding editorial void around one of the most challenging and important figures in the art of American photography
