Abolitions Public Sphere:

Abolition's Public Sphere Robert Fanuzzi, 2003 Echoes of Thomas Paine and Enlightenment thought resonate throughout the abolitionist movement and in the efforts of its leaders to create an anti slavery reading public In *Abolition's Public Sphere* Robert Fanuzzi critically examines the writings of William Lloyd Garrison Frederick Douglass Henry David Thoreau and Sarah and Angelina Grimke and their massive abolition publicity campaign pamphlets newspapers petitions and public gatherings geared to an audience of white male citizens free black noncitizens women and the enslaved Including provocative readings of Thoreau's *Walden* and of the symbolic space of Boston's Faneuil Hall *Abolition's Public Sphere* demonstrates how abolitionist public discourse sought to reenact eighteenth century scenarios of revolution and democracy in the antebellum era Fanuzzi illustrates how the dissemination of abolitionist tracts served to create an imaginary public that promoted and provoked the discussion of slavery However by embracing Enlightenment abstractions of liberty reason and progress Fanuzzi argues abolitionist strategy introduced aesthetic concerns that challenged political institutions of the public sphere and prevailing notions of citizenship Insightful and thought provoking *Abolition's Public Sphere* questions standard versions of abolitionist history and in the process our understanding of democracy itself

History, Abolition, and the Ever-Present Now in Antebellum American Writing Jeffrey Insko, 2018-12-06 *History and the Ever Present Now in Antebellum American Writing* examines the meaning and possibilities of the present and its relationship to history and historicity in a number of literary texts specifically the writings of several figures in antebellum US literary history some but not all of whom associated with the period's romantic movement Focusing on nineteenth century writers who were impatient for social change like those advocating for the immediate emancipation of slaves as opposed to those planning for a gradual end to slavery the book recovers some of the political force of romanticism Through close readings of texts by Washington Irving John Neal Catharine Sedgwick Frederick Douglass Ralph Waldo Emerson and Herman Melville the book argues that these writers practiced forms of literary historiography that treat the past as neither a reflection of present interests nor as an irretrievably distant other but as a complex and open ended interaction between the two In place of a fixed and linear past these writers imagine history as an experience rooted in a fluid dynamic and ever changing present The political philosophical and aesthetic disposition Insko calls romantic presentism insists upon the present as the fundamental sphere of human action and experience and hence of ethics and democratic possibility

Cast Down Mark J. Miller, 2016-03-07 Derived from the Latin *abiectus* literally meaning thrown or cast down abjection names the condition of being servile wretched or contemptible In Western religious tradition to be abject is to submit to bodily suffering or psychological mortification for the good of the soul In *Cast Down Abjection in America 1700-1850* Mark J Miller argues that transatlantic Protestant discourses of abjection engaged with and furthered the development

of concepts of race and sexuality in the creation of public subjects and public spheres Miller traces the connection between sentiment suffering and publication and the role it played in the movement away from church based social reform and toward nonsectarian radical rhetoric in the public sphere He focuses on two periods of rapid transformation first the 1730s and 1740s when new models of publication and transportation enabled transatlantic Protestant religious populism and second the 1830s and 1840s when liberal reform movements emerged from nonsectarian religious organizations Analyzing eighteenth and nineteenth century conversion narratives personal narratives sectarian magazines poems and novels Miller shows how church and social reformers used sensational accounts of abjection in their attempts to make the public sphere sacred as a vehicle for political change especially the abolition of slavery "Be Yourself" Robert A. Fanuzzi,1993

The Dominion of Voice Kimberly K. Smith, 1999 In this work of historically informed political theory Kimberly Smith sets out to understand how nineteenth century Americans answered the question of how the people should participate in politics Did rational public debate the ideal that most democratic theorists now venerate transcend all other forms of political expression How and why did passion disappear from the ideology if not the practice of American democracy To answer these questions she focuses on the political culture of the urban North during the turbulent Jacksonian Age roughly 1830 50 when the shape and character of the democratic public were still fluid Smith's method is to interpret in light of such popular discourse as newspapers and novels several key texts in nineteenth century American political thought Frederick Douglass's Fourth of July speech and Narrative Angelina Grimke's debate with Catharine Beecher Frances Wright's lectures and Harriet Beecher Stowe's Uncle Tom's Cabin Such texts Smith finds highlight many of the then current ideas about the extremes of political expression Her readings support the conclusions that the value of rational argument itself was contested that the emergent Enlightenment rationalism may have helped to sterilize political debate and that storytelling or testimony posed an important challenge to the norm of political rationality Smith explores facets of the political culture in ways that make sense of traditions from Whiggish resistance to Protestant narrative testimony She helps us to understand such puzzles as the point of mob action and other ritualistic disruptions of the political process our simultaneous attraction to and suspicion of political debates and the appeal of stories by and about victims of injustice Also found in her book are keen analyses of the antebellum press and the importance of oratory and public speaking Smith shows that alternatives to reasoned deliberation like protest resistance and storytelling have a place in politics Such alternatives underscore the positive role that interest passion compassion and even violence might play in the political life of America Her book therefore is a cautionary analysis of how rationality came to dominate our thinking about politics and why its hegemony should concern us Ultimately Smith reminds the reader that democracy and reasoned public debate are not synonymous and that the linkage is not necessarily a good thing

Milman,1887 **Bureau Men, Settlement Women** Camilla Stivers,2000 Although the two intertwined at first the contributions of these settlement women to the development of the administrative state have been largely lost as the new field of public administration evolved from the research bureaus and diverged from social work Camilla Stivers now shows how public administration came to be dominated not just by science and business but also by masculinity calling into question much that is taken for granted about the profession and creating an alternative vision of public service *Slavery on Trial* Jeannine Marie DeLombard,2007 *Slavery on Trial Law Abolitionism and Print Culture* **Prophets, Publicists, and Parasites** Adam Gordon,2020 Print culture expanded significantly in the nineteenth century due to new print technologies and more efficient distribution methods providing literary critics who were alternately celebrated and reviled with an ever increasing number of venues to publish their work Adam Gordon embraces the multiplicity of critique in the period from 1830 to 1860 by exploring the critical forms that emerged Prophets Publicists and Parasites is organized around these sometimes chaotic and often generative forms and their most famous practitioners Edgar Allan Poe and the magazine review Ralph Waldo Emerson and the quarterly essay Rufus Wilmot Griswold and the literary anthology Margaret Fuller and the newspaper book review and Frederick Douglass s editorial repurposing of criticism from other sources Revealing the many and frequently competing uses of criticism beyond evaluation and aesthetics this insightful study offers a new vision of antebellum criticism a new model of critical history and a powerful argument for the centrality of literary criticism to modern life **Abolitionists of All Classes** Christopher Dean Padgett,1993 *The Problem of Slavery in the Age of Capital* Christopher Schmidt-Nowara,1995 *ATQ* ,1999 **Empire and Antislavery** Christopher Schmidt-Nowara,1999 In 1872 there were more than 300 000 slaves in Cuba and Puerto Rico Though the Spanish government had passed a law for gradual abolition in 1870 slaveowners particularly in Cuba clung tenaciously to their slaves as unfree labour was at the core of the colonial economies Moreover the Spanish bourgeoisie was deeply implicated in colonial slavery as Spain was the last European power to abolish the slave trade and bonded labour in the Americas **The British Slave Trade** Stephen Farrell,Melanie Unwin,James Walvin,2007 These essays provide essential information for the understanding of the wider phenomenon of the transatlantic slave trade The role of black people in England both before and after 1807 is examined as is the contribution of enslaved Africans in resisting West Indian slavery *Globality and Multiple Modernities* Luis Roniger,Carlos Horacio Waisman,2002 This book analyzes the Americas North and South in the global and comparative arena showing how these societies gazed each other and Europe as they followed the road to multiple forms of modernity and globalization New insights are contributed on the ways in which reflected conceptions of modernity with utopian overtones influenced the ways in which politicians and intellectuals viewed their own societies other societies in the New World and the older nations of Europe **Mid-America** ,1995 *Abolitionism in History* Zbigniew Lasocik,Monika Płatek,Irena Rzeplińska,1991 *Australasian Journal of American Studies* ,1998
