**Buddhism Transformed** Richard Gombrich, Gananath Obeyesekere, 1988 In this study a social and cultural anthropologist and a specialist in the study of religion pool their talents to examine recent changes in popular religion in Sri Lanka As the Sinhala themselves perceive it Buddhism proper has always shared the religious arena with a spirit religion While Buddhism concerns salvation the spirit religion focuses on worldly welfare Buddhism Transformed describes and analyzes the changes that have profoundly altered the character of Sinhala religion in both areas [A Comparative Sociology of World Religions](#) Stephen Sharot, 2001-08 A Sociology of World Religions presents a comparative analysis of the world's religions focusing on the differences and interrelationships between religious elites and lay masses In each case the volume contextualizes how the relationships between these two religious forms fit within and are influenced by the wider socio-political environment After introducing the book's major themes the volume introduces and builds upon an analysis of Weber's model of religious action drawing on Durkheim Marxist scholars and the work of contemporary sociologists and anthropologists The following chapters each focus on major religious cultures including Hinduism Buddhism Catholicism Protestantism Islam Judaism and the religions of China and Japan This ambitious project is the first to offer a comparison of the popular or folk forms of religion around the world Sharot's accessible introductions to each of the world religions synthesizing a vast literature on popular religion from sociology anthropology and historians of religion make the project ideal for course use His comparative approach and original analyses will prove rewarding even for experts on each of the world religions

**The Third Birth of Confucius** Kashi Ram Sharma, 2022-04-27 The Third Birth of Confucius deals with the Chinese sage and philosopher Confucius and his philosophical and politico-cultural legacies As the title suggests Confucius has once again taken birth in China Confucius died for the first time when he gave way to Buddhism in the tenth century but was reinvented again Neo-Confucianism This was the second birth of Confucius In the twentieth century under the influence of western ideas China's liberals and Marxists abandoned Confucius again But how long can a civilization live without any ideational orientation Hence the third birth of Confucius from AD 2000 onwards Confucius is emerging as a proxy word for cultural nationalism In fact it is not one Confucius who is taking birth in China but two One is the common man's Confucius which is authentic and genuine The other Confucius is promoted by the Chinese
