Buddhist Challenge To Christianity:

Buddhist Challenge to Christianity Hans Waldenfels, 2004 *History as a Challenge to Buddhism and Christianity*
Elizabeth June Harris, John O'Grady, 2016 Would the dialogue between Buddhism and Christianity be changed if both religions seriously engaged with the insights of modern historical consciousness Could there be greater honesty openness and humility or a greater commitment to a reciprocal search for truth if this was done This book focusses on five themes central to the issue of history in the two traditions traditional conceptions of salvation and or liberation history in Christianity and Buddhism Jesus and the Buddha fact and fiction Buddhist and Christian historiography Dangerous Memory within the histories of Buddhism and Christianity Permitting historical consciousness in Buddhism and Christianity *China's Challenge to Christianity* Lucius Chapin Porter, 1924 [The Buddhist challenge to Christianity](#) Mervyn Fernando, 1979

Communicating Christ in the Buddhist World Paul H. De Neui, David Lim, 2006-06-01 We issue this book amidst the challenges arising from the resurgence of religions in the various nations of the post modern world As Islamic fundamentalism grabs the headlines Buddhist fundamentalism has also been on the rise particularly in Southeast Asia mainly in reaction to the conversionist incursions of Islam and Christianity among them Over the last thirty years Buddhism has also seen growth in the West as its non dogmatic rationality offer of spiritual mentoring and opportunity for personal transformation have made it attractive to post modern society Are there both theological approaches as well as practical strategies for evangelical Christians to use our evangelization efforts among Buddhists without any unnecessary problems to the increasing conflicts in the encounter of religions We believe there are This is the fourth and latest volume in the Buddhist World series which includes *Sharing Jesus in the Buddhist World* *Sharing Jesus Holistically with the Buddhist World* and *Sharing Jesus Effectively in the Buddhist World* Compiled from papers presented at the annual SEANET Missiological Forum in Thailand *Communicating Christ in the Buddhist World* delivers fresh insights from mission theologians and practitioners The first four chapters reflect on the theological framework by which Christians can fulfill the biblical mandate to evangelize and transform peoples The next five chapters consider the significant sociological issues that have arisen in the Christian encounter with Buddhist peoples The final three suggest some strategic ways forward for effective evangelism in the Buddhist world May this book challenge the international Christian community to find better ways of relating to and approaching people of other faiths *The Process of Buddhist-Christian Dialogue* Paul O Ingram, 2011-09-29 While process philosophers and theologians have written numerous essays on Buddhist Christian dialogue few have sought to expand the current Buddhist Christian dialogue into a trilogy by bringing the natural sciences into the discussion as a third partner This was the topic of Paul O Ingram's previous book *Buddhist Christian Dialogue in an Age of Science* The thesis of the present work is that Buddhist Christian dialogue in all three of its forms conceptual social engagement and interior are interdependent processes of creative transformation Ingram appropriates the categories of Whitehead's process metaphysics

as a means of clarifying how dialogue is now mutually and creatively transforming both Buddhism and Christianity Drawing also on the work of theologian John Hicks and philosopher of science Imre Lakatos Ingram develops an understanding of Buddhist Christian dialogue in the context of a religious pluralism that is both open and dynamic and methodologically rigorous Wide ranging and full of insight The Process of Buddhist Christian Dialogue will be invaluable to scholars and students of comparative religion Buddhist-Christian Dialogue in an Age of Science Paul O. Ingram,2008 Buddhist Christian dialogue has rarely touched on its interaction with science yet its importance has immense implications Buddhist Christian Dialogue in an Age of Science offers a fresh and exciting view on the ideas themes and people engaged in the three way dialogue between Christianity Buddhism and the natural sciences Ingram s comprehensive yet accessible scholarship is uniquely solid in both religion and science and has the gift of making complex theories understandable Providing these three different perspectives will be useful for anyone interested in the relationship between religion and science **Christian Approaches to Other Faiths** Paul Hedges,Alan Race,2009 A reader designed to work on courses concerned with World Religions Interfaith Dialogue and Interfaith Encounter **Buddhism in Sinhalese Society 1750-1900** Kitsiri Malalgoda,2023-12-22 Buddhism in Sinhalese Society 1750 1900 A Study of Religious Revival and Change by Kitsiri Malalgoda delves into the transformation of Buddhism in Sri Lanka during a pivotal period in the island s history Drawing on Weber s concept of Buddhism s evolution from a monastic tradition to a world religion Malalgoda examines how Sinhalese Buddhism adapted to meet the needs of the peasant laity and how it navigated its relationship with colonial secular authorities The book explores the religious revival and societal changes that unfolded in response to colonial pressures and Christian missionary activities particularly focusing on how Buddhism responded to the challenges posed by British rule and the subsequent loss of state patronage The study is divided into two parts the first deals with internal transformations within the Buddhist monastic order including the schisms and controversies that arose while the second addresses the Buddhist Christian confrontation that shaped modern Sinhalese religious identity Malalgoda highlights how organizational changes within Buddhism such as the rise of new monastic fraternities and lay involvement through voluntary associations allowed Buddhism to regain strength and assert its presence against missionary efforts By the end of the 19th century Buddhists had successfully adopted modern tools like education preaching and the printing press to defend their faith and engage with broader societal changes This work offers a critical historical perspective on the resilience and revival of Buddhism in Sri Lanka during a time of profound cultural and political shifts This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1976 **Christianity Among World Religions** Hans Küng,Jürgen Moltmann,1986 Concilium has long been a household name for cutting edge critical and

constructive theological thinking Past contributors include leading Catholic scholars such as Hans K ng Gregory Baum and Edward Schillebeeckx and the editors of the review belong to the international who s who in the world of contemporary theology Published five times a year each issue reflects a deep knowledge and scholarship presented in a highly readable style and each issue offers a wide variety of viewpoints from leading thinkers from all over the world *The Pilgrimage of Buddhism and a Buddhist Pilgrimage* James Bissett Pratt,1928 **Naturalization of Christianity in China** Frank Joseph Rawlinson,1927 *Buddhism and Christianity in Japan* Notto R. Thelle,1987 **Buddhism and Christianity Face to Face** ,1878 **The Journal of Philosophy, Psychology and Scientific Methods** ,1913 *The Christian Advocate* ,1909 *Christianity on the March* Henry Pitney Van Dusen,1963 **Mysticism, Buddhist and Christian** Paul Mommaers,Jan van Bragt,1995 This volume represents the first book length treatment in English of one of the greatest mystical writers in Christian history Jan van Ruusbroec 1293 1381 A careful reading of the texts by the Flemish historian Paul Mommaers focuses on two delicate relationships that between mysticism and religiosity and that between a mysticism of union in love and the more metaphysical mysticism of unity Winding in and out of this presentation is a commentary by theologian of religions Jan Van Bragt which attempts to place the problematic in a wider interreligious context by contrasting the spiritual path of Buddhism with that of the Christian mystical way The combined result is not only an original reading of the great Flemish love mystic but a groundbreaking attempt to view religious history through the dual lenses of one s own faith and that of the faith of others Ruusbroec s approach is seen to challenge traditional ideas about differences between the Buddhist and Christian ways and to open new possibilities for further encounters at the level of mystical thought and practice **Buddhist Review** ,1910 **Buddhism and Its Christian Critics** Paul Carus,1897
