Stanonis,2024-10-08 The Creole praline arrived in New Orleans with the migration of formerly enslaved people fleeing Louisiana plantations after the Civil War Black women street vendors made a livelihood by selling a range of homemade foods including pralines to Black dockworkers and passersby The praline offered a path to financial independence and even its ingredients spoke of a history of Black ingenuity an enslaved horticulturist played a key role in domesticating the pecan and creating the grafted tree that would form the basis of Louisiana s pecan orchards By the 1880s however white New Orleans writers such as Grace King and Henry Castellanos had begun to recast the history of the praline in a nostalgic mode that harkened back to the prewar South In their telling the praline was brought to New Orleans by an aristocratic refugee of the French Revolution Black street vendors were depicted not as innovative entrepreneurs but as loyal servants still faithful to their former enslavers The rise of cultivated shelled and cheaply bought pecans as opposed to the foraged pecans that early praline sellers had depended on allowed better resourced white women to move into the praline selling market especially as tourism emerged as a key New Orleans industry after the 1910s Indeed the praline became central to the marketing of New Orleans Conventions often hired Black women to play the praline mammy role for out of towners while stores sold pralines with mammy imagery in boxes designed to look like cotton bales After World War II pralines went national with items like praline flavored ice cream 1950s and praline liqueur 1980s Yet as the civil rights struggle persisted the imagery of the praline mammy was recognized as an offensive caricature As it uncovers the history of a sweet dessert made of sugar and pecans **New Orleans Pralines** tells a fascinating story of Black entrepreneurship toxic white nostalgia and the rise of tourism in the Crescent City
