## **Building Character In Your Children:**

**BUILDING CHARACTER** Steven Johnson, 2019-01-28 In today's rapidly evolving world the erosion of individual character is increasingly evident. Values based societies require vigilant character development to sustain ethical behavior across public and private life. Building Character: The Values Journal is intended to provide a tool to assist on the journey toward character development. Building Character is rooted in the deliberate execution of four core principles: discipline, practice, challenge yourself, and seek wisdom. Parents as the guides on this journey are asked to provide a good example and to leverage smart empowerment, responsibility, and preparation to encourage their children to succeed in discovering their true character. While children are challenged to learn by doing practice and challenging themselves on their journey to shape themselves into the type of person they want to be, the method used in the Values Journal is for each individual to explore their own understanding of the thirty-one values included in the journal. As a part of this process, each individual is asked to structure an approach that works with their schedule, i.e., daily, weekly, monthly, to review Bible references related to each value, write his own definition of each value, review the questions and provide relevant answers, and use the free expression pages to journal his results in a way that helps to personalize his experiences. [Building Your Child's Character from the Inside Out](#) Cook Communications Ministries, Kay Kuzma, 1992-05 *Activities for Building Character and Social-Emotional Learning Grades PreK-K* Katia S. Petersen, 2012-04-25 Build attitudes of respect and caring, reduce problem behaviors, empower students to solve problems, and educate the whole child with this flexible, user-friendly activity guide. The lessons, literature-based connections, allow teachers to build in rather than add on social emotional learning (SEL) throughout the day. Field tested in classrooms across the United States, these activities when fully implemented have resulted in improved school climate, greater parent engagement, increased academic achievement, and reduction in discipline referrals. Features of the book include 100 easy-to-implement, year-round activities that integrate into the daily curriculum in all subject areas. Monthly themes focused on empathy, bullying prevention, teamwork, decision making, and more. Concise lesson formats: Read, Discuss, Do, Relate, Discussion, and writing prompts. Built-in assessments. Digital content includes all of the book's reproducible forms.
