Senseless Illiterate & Insane Veronica Johnson, 2019-01-30 This book is based upon research and true discernment I have encountered with people who appear to have been senseless illiterate and insane These types of people are often classified as the criminally insane and mental disorders play a key role Discussing causes and symptoms identity and personality disorders effectively can help to understand triggered behavior and emotions and to learn from traumatic experiences All to better understand the

significant elements needed for the human mind to adhere to traditional productivity methods From experience and research after an evaluation is complete of having given a mental disorder diagnosis Some psychiatrist finds it easy to retrieve supporting details and as a result the person may have four or more mental disorders to be diagnosed Other psychiatrist finds it difficult to retrieve all supporting details and as a result the person may be misdiagnosed I hope the people who suffer from mental disorders can live a more carefree and productive lifestyle after reading this book My prior book *The Spirit World of Demons* formed the basis of this book To avoid murmuring over the criminally insane mentality I wanted to face senseless illiterate and insane acts by bringing it to a general perspective My central message is derived from having an effect and reason for topics of interest This message usually affects people in multiple areas of life daily and reveals how it is possible to visualize things differently Once you have researched current topics to find an effect and reason for writing a book the next option is reviewing how people from the past dealt with the same issues Along with acknowledging God's plan and purpose for your life Most times you can start with a testimony to guide you through the emotions of writing
