**Cross-Examined: Catholic Responses to the World's Questions** Fr. Carter Griffin, 2021-08-16 While social norms and political movements are rapidly changing the truth of the Catholic faith stands firm In Cross Examined Catholic Responses to the World's Questions readers are equipped to address even the most sensitive topics from the existence of God to the existence of hell from women's ordination to Marian devotion from assisted suicide to transgenderism In Cross Examined Fr Carter Griffin begins each discussion not with Catholic teaching but rather with its most common objections Articulating these objections serves several purposes First it helps Catholics to respect those who do not share their beliefs by identifying intelligent grounds for disagreement Pointing out objections also helps believers respond more persuasively in discussions with non Catholic friends Perhaps most importantly knowing the common objects instills confidence that the Church is committed to the truth and unafraid to engage with those who dispute her teaching After identifying principal objections each discussion continues with a brief summary of relevant Catholic teaching and then responds to each objection in turn In our shrill age that seems ever less capable of rational discourse the method used in Cross Examined can offer a way to remain faithful to our beliefs while acknowledging respecting and responding to alternative points of view

**The Big Book of Catholic Answers** Catholic Answers,2025-09-15 Our Catholic religion is big and complex Its doctrines are old and often mysterious Its detractors like to spread confusion with caricatures of Catholic teaching and even some of our pastors and professors prefer their own twisted or watered down doctrines instead of straight Catholic truth So the world has Catholic questions lots of them And a big religion needs a BIG book of answers In this second volume of The Big Book of Catholic Answers you will find solid helpful replies to more than 300 questions about the sign of the Catholic faith the nature and structure of the Church the sacraments Christ instituted to convey his saving graces the forms of Catholic liturgical worship how to answer the claims and attacks of non Catholic sects and more The book may be big but the answers are brief crisp to the point and accessible to any reader The Big Book of Catholic Answers Volume 2 is a perfect resource for sharpening your own understanding of your faith or for sharing with friends who are seeking to understand more about what we believe and why
