Catholicism Reason:

Faith and Reason Brian Besong, Jonathan Fuqua, 2019-05-20 Too smart to believe in God The twelve philosophers in this book are too smart not to and their finely honed reasoning skills and advanced educations are on display as they explain their reasons for believing in Christianity and entering the Roman Catholic Church Among the twelve converts are well known professors and writers including Peter Kreeft Edward Feser J Budziszewski Candace Vogler and Robert Koons Each story is unique yet each one details the various perceptible ways God drew these lovers of wisdom to himself and to the Church In every case reason played a primary role It had to because being a Catholic philosopher is no easy task when the majority of one s colleagues thinks that religious faith is irrational Although the reasonableness of the Catholic faith captured the attention of these philosophers and cleared a space into which the seed of supernatural faith could be planted in each of these essays the attentive reader will find a fully human story The contributions are not merely collections of arguments they are stories of grace *Scripture and the Mystery of the Family of God* Scott Hahn, Leon J. straightforward responses to common objections about the Catholic faith Bestselling author Scott Hahn a convert to Catholicism has experienced the doubts that so often drive discussions about God and the Church In the years before his conversion he was first a nonbeliever and then an anti Catholic clergyman In REASONS TO BELIEVE he explains the how and why of the Catholic faith drawing from Scripture his own struggles and those of other converts as well as from everyday life and even natural science Hahn shows that reason and revelation nature and the supernatural are not opposed to one another rather they offer complementary evidence that God exists But He doesn't merely exist He is someone and He has a personality a personal style that is discernible and knowable Hahn leads readers to see that God created the universe with a purpose and a form a form that can be found in the Book of Genesis and that is there when we view the natural world through a microscope through a telescope or through our contact lenses At the heart of the book is Hahn's examination of the ten keys to the kingdom the characteristics of the Church clearly evident in the Scriptures As the story of creation discloses the world is a house that has a Father a palace where the king is really present God created the cosmos to be a kingdom and that kingdom is the universal Church fully revealed by Jesus Christ

Why God? Why Jesus? Why the Catholic Church? John-Mark L. Miravalle, 2014-07 Why God Why Jesus Why the Catholic Church When you live in a society filled with non believers non Christians and non Catholics these are the questions that come up time and again How do we know there is a God If there is a God has He revealed Himself in Jesus Christ And if Jesus really is Lord do we need a faith community in order to relate to Him Which one This book offers an accessible treatment of the case for Theism Christianity and Catholicism and also includes a brief introduction to the related topics of faith prayer and evangelization The need for prayerful faithful well informed apologists and evangelists is growing and this text provides an excellent resource for Catholics who want to harness the rational power of our faith in spreading the Gospel

Why We're Catholic Trent Horn, 2017-05 How can you believe all this stuff This is the number one question Catholics get asked and sometimes we ask ourselves Why do we believe that God exists that he became a man and came to save us that what looks like a wafer of bread is actually his body Why do we believe that he inspired a holy book and founded an infallible Church to teach us the one true way to live Ever since he became Catholic Trent Horn has spent a lot of time answering these questions trying to explain to friends family and total strangers the reasons for his Catholic faith Some didn't believe in God or even in the existence of truth Others said they were spiritual but didn't think you needed religion to be happy Some were Christians who thought Catholic doctrines over complicated the pure gospel And some were fellow Catholics who had a hard time understanding everything they professed to believe on Sunday Why We're Catholic assembles the clearest friendliest most helpful answers that Trent learned to give to all these people and more Beginning with how we can know reality and ending with our hope of eternal life it's the perfect way to help skeptics and seekers or Catholics who want to firm up their faith understand the evidence that bolsters our belief and brings us joy
