Jesus and the Reign of God in John Mark C. Kiley,2025-10-17 What happened to the reign of God when it visited John s world At first glance it looks like it got short shrift appearing in just two verses John 3 3 5 However what if like the ubiquitous reign of God in the Synoptic Gospels its two verses are the early planting of a seed that grows and spreads through the book What if the diction of a parable of God s reign is diffused throughout the text as is arguably the case with the wildly generous father and his prodigal son What if the thesaurus treasure of the reign saying in Matt 13 is hidden within the diction of John 6 68 concerning Jesus words of eternal life This study also examines the influence on John of the regnant Arm of YHWH as exercised in the Servant poems of Isaiah as well as the Johannine version of the verse about God s reign in Wis 10 10 The subtlety of that agenda in John is a fitting tribute to the subtle character of God s Sophia the feminine presence of the divine We also observe the Johannine author utilizing the Hellenistic practice of picture puzzles placing thematically related passages in discernible patterns This reading provides food both fresh and nutritious

The Routledge Encyclopedia of Film Theory Edward Branigan,Warren Buckland,2013-12-04 The Routledge Encyclopedia of Film Theory is an international reference work representing the essential ideas and concepts at the centre of film theory from the beginning of the twentieth century to the beginning of the twenty first When first encountering film theory students are often confronted with a dense interlocking set of texts full of arcane terminology inexact formulations sliding definitions and abstract generalities The Routledge Encyclopedia of Film Theory challenges these first impressions by aiming to make film theory accessible and open to new readers Edward Branigan and Warren Buckland have commissioned over 50 scholars from around the globe to address the difficult formulations and propositions in each theory by reducing

these difficult formulations to straightforward propositions The result is a highly accessible volume that clearly defines and analyzes step by step many of the fundamental concepts in film theory ranging from familiar concepts such as Apparatus Gaze Genre and Identification to less well known and understood but equally important concepts such as Alain Badiou s Inaesthetics Gilles Deleuze s Time Image and Jean Luc Nancy s Evidence The Routledge Encyclopedia of Film Theory is an ideal reference book for undergraduates of film studies as well as graduate students new to the discipline
