How to Teach Ascension Classes Joshua David Stone,1998-10-01 This book serves as an ideal foundation for teaching ascension classes and doing workshops The inner plane ascended masters have guided Dr Stone to put together this book using his Easy to Read Encyclopedia of the Spiritual Path as its foundation Here you will find an entire one to two year program of classes for teaching from one to hundreds of student initiates Teaching or setting up a class in your home to facilitate ascension realization is one of the most important services one could offer one s friends students and even family With this book it is easy Details on how to start and end every class are given as well as outlines for 132 classes Also included are suggestions on how to observe the major holy days that the inner plane ascended masters would like us to celebrate on Earth Using his teaching experience Dr Stone has also outlined all the logistical and third dimensional considerations that will come up The only tools a class leader needs would be his books and meditation tapes *Christmas Around the World* Susan Rowsell,2020-10-27 Cherish the season even more with this wonderful collection of Christmas traditions from around the world During the month of December as families count down the days until Christmas Eve we can travel the world through these pages to discover the fascinating ways that nations celebrate the holiday season Children will learn the traditions of such countries as Africa Australia New Zealand Peru Puerto Rico Iceland Canada the United States Russia Germany Scotland England Hungary Norway and many more Families will uncover the history of Christmas the story of the candy cane the legend of the poinsettia the symbols of Christmas the many different gift bearers of the season and much more In a fun and educational way Christmas Around the World An Advent Book incorporates the values of the holiday season that link us around the globe From Hanukkah and Kwanzaa to Christmas and New Year s the season is about family togetherness love and goodwill to all humankind Merry Christmas Feliz Navidad Joyous No l Fr hliche Weihnachten Happy Hanukkah And season s greetings to you and yours **The Evolution of Christmas** Gustavo Vazquez-Lozano,2025-05-22 Christmas is the most important holiday of the year After the corresponding days that exalt the national pride of each country such as Independence Day in the United States Victory Day in Russia or Bastille Day in France it s December 25 that articulates the life the work and the economy in much of the world including many non Christian countries Since ancient times the beginning of winter has been the occasion for most people to eat drink dance and get together to beat the drum and take a break Especially since the 20th century on the days adjacent to the holiday have become an occasion to do big business The winter season is the most solid stimulus for the economy more than any fiscal package since the incomes of families spending credit and consumption in all productive sectors are significantly increased In the United States alone Christmas sales are estimated to generate 3 trillion This jubilee of consumption and purchase of goods and gifts is accompanied by a series of child pleasing customs a pine tree with lights and ornaments inside the homes Christmas carol preparation of sweet meals and treats the chubby figure of Santa Claus and to a lesser extent Nativity scenes depicting the

birth of Jesus Each country also preserves exclusive traditions that are highly esteemed among their own population In Russia people cook 12 dishes in honor of the 12 apostles then return to the church for an all night vigil In Estonia children must sing before receiving their gifts In Mexico groups of people wander from door to door singing the story of Joseph and Mary when they were searching for a place to stay and inside the house that receives them they break pi atas full of candy In the United States the streets are decorated with colorful lights and choirs of children sing carols beside huge fir trees In India even with its Christian minority people call Christmas the big day and celebrate it by planting trees The holiday animates debate too For those interested in history it is the time of documentaries on television where so called experts repeat the worn out speech that the Church deliberately put the date of Christmas over a pagan celebration the Saturnalia or Sol Invictus the solar god of the Roman Empire Others will say that Santa Claus is a legacy of Norse mythology related to Odin s journey through the heavens and that the star of Bethlehem could have been a spectacular planetary conjunction that occurred in 7 BCE For the self denominated neo atheists it is the time to offer interviews on major networks and declare that everything is a hoax and that the story of Jesus s birth is a myth copied from the story of the god Mitra The celebration goes unnoticed for no one making Christmas arguably the only holiday that for better or worse unites the whole planet How did things progress from that story in the Bible with a Jewish girl giving birth to the Messiah of Israel in a manger in the city of Bethlehem to the modern colossus that is the Christmas holiday How did Santa Claus the Christmas tree the snow sleighs the presents and family reunions become the distinctive features of the holiday if none of them were there at the beginning The answers can be attributed to a chain of events characters oral traditions artistic works and an assimilation of local especially Germanic folklore that came together to create Christmas as the world now knows it *The Evolution of Christmas The History of the Christian Holiday from the Birth of Jesus to Today* looks at how Christmas was originally commemorated the various traditions that became associated with the holiday and how the history of Christmas ended up the way it did Along with pictures depicting important people places and events you will learn about Christmas like never before *A Christmas Celebration* Pamela Kennedy,1992 Tracing the most festive Christian holiday *A Christmas Celebration* is beautifully illustrated with fine art reproductions line engravings and vintage photography Children are provided with answers to their questions about the yuletide season such as What are the twelve days of Christmas Each facet of Christmas is sensitively explained to allow youngsters to understand its origin and meaning also exploring many international celebrations
