Catholic Imagination:

The Catholic Imagination Andrew Greeley, 2001-10 Greeley has written a lively controversial and stimulating book in which he describes a Catholic imagination which is different from not better or worse than a Protestant imagination Going beyond his own position I believe Protestants have much to learn not just about the Catholic imagination but from it as he describes it Robert Bellah coauthor of *Habits of the Heart* Andrew Greeley is the most vivid sociological writer of our time By studying artists and artisans directly he brings David Tracy's theory of religious imagination to life The survey data show that ordinary people have imaginations too and that the lay person's imagination is also framed by religious tradition This book is a tour de force Michael Hout University of California Berkeley [The Catholic Imagination in American Literature](#) Ross Labrie, 1997 A concluding chapter examines the significance of the corpus of Catholic American writing in the years 1940 to 1980 considering it parallel in substance to the body of Jewish American literature of the same period [The Catholic Imagination](#) Skya Abbate, 2012-05-03 Designed primarily for the layperson *The Catholic Imagination* is a journey through the liturgical year by way of weekly reflections on the life of the church Through reading thinking and discussion the religious imagination is stimulated and structured so the reader can reflect and act upon the richness of our faith to enter into a relationship with God Reflections on the lives of the saints their writings their meaning for our times the importance and value of creation and the natural world the significance of the sacraments sacramental devotions and the timelessness of the gospel message encourage the reader to coordinate their actions with the weekly topic Ideas on the church's artistic environment and related Scripture enhance the written materials Special supplements are provided for Advent and Christmas Lent and Easter due to their importance in the life of the church Just as we repeat the themes of the liturgical year over and over again simple little lessons and readings like this go a long way in the continuing education of the lay Catholic with their straightforward message and inspirational writing style that capture the faith [No Abiding Place](#) Fred Herron, 2005-02-17 Thomas Merton played a critical role in facilitating and embodying a revolutionary paradigm shift in Catholic life and thought His public grappling with the issues raised by this shift in the life of the Catholic Church provided a vocabulary with which a generation of seekers has attempted to frame an on going discussion regarding the future of the Catholic Church Consequently Merton's life and thought continue to be guideposts for spiritual pilgrims confronting issues of authority in the church a changing moral landscape and the contemporary crisis in the Catholic Church Part One of the book describes this profound paradigm shift and locates Merton's developing thought within that landscape It places Merton's thought within the larger framework of the Catholic imagination as described by David Tracy Andrew Greeley and Thomas Groome The landmark research of Robert Wuthnow of Princeton University concerning the nature of contemporary spiritual seeking provides a framework that helps to identify Merton's continuing relevance for the study of spirituality Parts Two and Three discuss Merton's lasting importance for contemporary spirituality **Catholicism** Richard P. The Common Things Daniel McInerny,1999 Concerned with the trendy technocratic and at times sophisticated character of contemporary education at all levels both public and private the authors of this collection seek to reinvigorate a Thomistic approach to education appropriate to the problems of our day With its main inspiration taken from the work of Jacques Maritain especially his 1943 Education at the Crossroads the volume presents a trenchant critique of the privacies of contemporary education with its emphasis upon the conventional and useful At the same time the essays present the outlines of the proper alternative an education which helps students draw out from themselves the desire for truths which transcend the contingencies of culture and utility Such an education seeks to guide students to the common things available to all human beings The essays uphold an account of man s intellectual and affective capacities which understands these capacities as naturally ordered to truth The essays approach the task in different but complementary ways in critiques of contemporary theories of education in speculative accounts of knowledge and learning in applications of theory to specific institutional settings and in discussions of the political contexts governing modern education In this rich variety of ways the essays in The Common Things not only point the way back to the crossroads Maritain spoke of fifty years ago they go on to indicate something of the landscape along the road not taken by contemporary education

Speaking the Truth in Love: The Catechism and the New Evangelization Petroc Willey,Scott R. Sollom,2020-01-08 It is now just over twenty five years since the publication of the Catechism of the Catholic Church It is also more than thirty five years since St John Paul II called for a new evangelization to be characterized by a new ardor a new

expression and new methods The conviction common to the contributors in this volume is that the Catechism flows from just such an ardor Speaking the Truth in Love draws together a group of Catholic scholars and field practitioners to focus on the capacity of the Catechism to be a powerful point for the renewal of Christian catechesis education and culture through its reclamation of the Christian heritage its explanatory power and its compelling articulation of a civilization characterized by faith hope and love A special focus of the book is how the Catechism provides a creative reference point for pedagogical renewal in the Church Since the publication of the Catechism of the Catholic Church in 1992 catechists and pastors of souls have discovered how it has served as a great instrument of the New Evangelization We have awaited this volume as a mature reflection on its vital place in the hope expressed by St John Paul II for a springtime of New Evangelization In these pages you will find testimony on how through the Catechism this springtime is already taking shape Most Rev Mark Davies Bishop of Shrewsbury Province of Birmingham England [America](#), 1913 **The Anthem Companion to Robert N.
