Catholic Pentecostalism and the Paradoxes of Africanization Ludovic Lado, 2009-04-07 The anthropological literature on religious innovation and resistance in African Christianity tended to focus almost exclusively on what have come to be known as African Independent Churches Very few anthropological studies have looked at similar processes within mission churches Through an ethnographic study of localizing processes in a Charismatic movement in Cameroon and Paris the book critically explores the dialectics between Pentecostalization and Africanization within contemporary African Catholicism It appears that both processes pursue although for different purposes the missionary policy of dismantling local cultures and religions practices and discourses of Africanization dissect them in search of authentic African values Charismatic ritual on the other hand features the dramatization of the defeat of local deities and spirits by Christianity

Spirit Baptism Harold D. Hunter, 2009-03-01 During the 1970s Pentecostal seminarians who were fed a steady diet of the monographs by James D G Dunn and F Dale Bruner were often co opted by magisterial traditions It was time for a new generation of Pentecostal scholars where Pentecostals could themselves address issues brought to the forefront of their movement This volume became one of the first books of its kind to crest the new wave of an emerging Pentecostal scholarship Contemporary Pentecostal pneumatology was often regarded as a historically contributed and artificial novelty from the modern period and scores of Pentecostals were persuaded to forsake their

heritage Spirit Baptism A Pentecostal Alternative sought to ask the question if there was canonical evidence for a Charismatic dimension in the Christian pilgrimage An answer in the affirmative inspired a scan of Christian figures through the centuries who have embraced this theological reality The book ends with a theological synthesis that suggests an openness to various ways the Charismatic Spirit becomes a manifest reality in the lives of believers Since the release of Spirit Baptism A Pentecostal Alternative in 1983 much significant work has been accomplished in this field by Pentecostal and non Pentecostal scholars alike Yet this original groundbreaking work remains relevant as researchers around the world face for the first time theological issues that go to the heart of Pentecostal identify
