Cedar Whacker:

Cedar Whacker Charles Weldon Wimberley, Dorothy W. Kerbow, 1988 A history of Hays County and Llano County from the view of descendants of their settlers *The Cedar Choppers* Ken Roberts, 2018-03-06 At the low water bridge below Tom Miller Dam west of downtown Austin during the summer of his tenth or eleventh year Ken Roberts had his first encounter with cedar choppers On his way to the bridge for a leisurely afternoon of fishing he suddenly found himself facing a group of boys who clearly came from a different place and culture than the middle class suburban community he was accustomed to Rather they looked hard tanned skinny dirty These were not kids you would see in Austin When Roberts's fishing companion curtly refused the stranger's offer to sell them a stringer of bluegills the three boys went away only to reappear moments later one of them carrying a club Roberts and his friend made a hasty retreat This encounter provoked in the author the question Who are these people The Cedar Choppers Life on the Edge of Nothing is his thoughtful entertaining and informative answer Based on oral history interviews with several generations of cedar choppers and those who knew them this book weaves together the lively gritty story of these largely Scots Irish migrants with roots in Appalachia who settled on the west side of the Balcones Fault during the mid nineteenth century subsisting mainly on hunting trapping moonshining and by the early twentieth century cutting transporting and selling cedar fence posts and charcoal The emergence of Austin as a major metropolitan area especially after the 1950s soon brought the cedar choppers and their hillbilly lifestyle into direct confrontation with the gentrified urban population east of the Balcones Fault This clash of cultures which provided the setting for Roberts's encounter as a young boy propels this first book length treatment of the cedar choppers their clans their culture and mores and their longing for a way of life that is rapidly disappearing *Places in the World a Person Could Walk* David Syring, 2010-01-01 Spring fed creeks Old stone houses Cedar brakes and bleached limestone The Hill Country holds powerful sway over the imagination of Texans So many of us dream of having our own little place in the limestone hills The Hill Country feels just like home even if you've never lived there This beautifully written book explores what the Hill Country has meant as a homeplace to the author his family and longtime residents of the area as well as to newcomers David Syring listens to the stories that his aunts uncles and cousins tell about life in the Hill Country and grapples with their meaning for his own search for a place to belong He also collects short stories focused around Honey Creek Church to consider how places become containers for memory And he draws upon several years of living in Fredericksburg to talk about the problems and opportunities created by heritage tourism and the development of the town as a home for German Americans These interconnected stories illuminate what it means to belong to a place and why the Texas Hill Country has become the spiritual if not actual home of many people **1997 Juniper Symposium**, 1997 Job Family Series United States.
