**Between Heaven and Earth** Gerhard Lohfink, 2022-08-18 2023 Catholic Media Association First Place Award Author of the Year 2023 Association of Catholic Publishers First Place Award Scripture In this book New Testament scholar Gerhard Lohfink interprets a spectrum of biblical texts some familiar others not He explores them in a spirit of curiosity questions them insistently and confronts them with the realities of our present day from COVID 19 to the inner loneliness experienced by so many In light of central biblical texts Lohfink asks What would a life look like today if it were wholly in the world and at the same time wholly in God sweeping joyously between heaven and earth aware of the immeasurable breadth of the universe and still able to marvel at the tiniest flower knowing the depths of the human heart and being comforted by a child's smile This book takes up the colorful threads of many Old and New Testament texts and weaves from them a many hued tapestry of biblical theology It reveals things unknown sheds new light on things known and is full of surprises It speaks not only to the curious or the ones who want to know more about the Christian message it is addressed to everyone who senses a desire to understand the Bible better and more deeply Between earth and heaven Johanna Kramer, 2016-05-16 Between earth and heaven examines the teaching of the theology of Christ's ascension in Anglo Saxon literature offering the only comprehensive examination of how patristic ascension theology is transmitted adapted and taught to Anglo Saxon audiences This book argues that Anglo Saxon authors recognise the Ascension as fundamentally liminal in nature as concerned with crossing boundaries and inhabiting dual states In their teaching authors convert abstract theology into concrete motifs reflecting this liminality such as the gates of heaven and Christ's footprints By examining a range of liminal imagery Between earth and heaven demonstrates the consistent sophistication and unity of Ascension theology in such diverse sources as Latin and Old English homilies religious poetry liturgical practices and lay popular beliefs and rituals This study not only refines our evaluation of Anglo Saxon authors knowledge of patristic theology and their process of source adaptation but also offers a new understanding of the methods of religious instruction and uses of religious texts in Anglo Saxon England capturing their lived significance to contemporary audiences **Between Earth and Heaven** Dawn Langman, 2021-11-10 In this third volume in *The Actor of the Future* series Dawn Langman continues to explore the integration of Steiner's research into speech drama and eurhythmy with Michael Chekhov's acting methodology Her advanced applications of all the basic processes allow the art of the actor and speaker to evolve beyond the soul and body paradigm still broadly accepted in contemporary culture to include dimensions of the spirit The book contains a seminal analysis of comedy and tragedy showing how an understanding of their esoteric roots sprung from the Eleusis mysteries of ancient Greece deepen our appreciation and our ability to implement the practical suggestions made by Steiner and Chekhov to differentiate the fundamental styles A comprehensive exploration of the vowels in relation to planetary beings lays the foundation for many layers of artistic deepening and application Dawn Langman gifts us with yet another magnificent contribution to her book

series developing an integrated acting technique based on the indications of Rudolf Steiner and Michael Chekhov in which actors become the work of art Venturing even further into the deeper alchemical mysteries of the work Langman leads us into an imagination of future theatre that includes a genuine experience of the I AM the origin of comedy and tragedy Dante's Paradiso as example of how we can experience the planetary spheres in word and gesture and much more inspiring the unfoldment of actors of the future Dr Jane Gilmer actress and teacher author of *The Alchemical Actor* 2021 and former Assistant Professor of Drama VPA National Institute of Education Singapore In this present volume Dawn Langman continues her in depth exploration of the integration of Michael Chekhov's system of psycho physical awareness with Rudolf Steiner's indications for creative speech and eurhythmy In so doing she genuinely models both teachers emphasis on experimentation and exploration absent the dogmatism sometimes associated with such work The careful conscious communication of her own advanced exercises created to develop this new methodology will be most effective when worked in conjunction with her previous books *The Art of Acting* *The Art of Speech* and *The Actor of the Future* Vols 1 2 Taken as a whole Langman reveals the degree of empathy and responsiveness possible not only between human beings but with all the manifold community of beings between earth and heaven Dr Diane Carracciolo Associate Professor of Educational Theatre Adelphi University USA
