**Between Text and Community** Donn F. Morgan, 2006-12-01 This book represents the best sustained effort to focus on the Writings of the Hebrew Bible as part of the Jewish canon His thesis that the Writings reflect dialogues between various and disparate Jewish communities and the texts of the Torah and the Prophets deserves serious attention and debate He rightly focuses on the needs of those communities and the hermeneutics by which they read Torah and Prophets in order to address those needs

*Canon and Biblical Interpretation* Zondervan, 2010-10-05 Drawing on a broad array of contributors volume seven of the Scripture and Hermeneutics Series assesses the current state of canonical interpretation and uses that as a starting point for exploring ingredients in theological interpretation of the Bible today Canon and Biblical Interpretation begins with a masterful examination of the canonical approach and the various criticisms that have been leveled against it Additional chapters look at canonical interpretation in relation to different parts of the Bible such as the Pentateuch the Wisdom books the Psalms and the Gospels Articles address such issues as canonical authority and the controversial relationship between canonical interpretation and general hermeneutics A unique chapter explores the relationship between academic exegesis and lectio divina Editors Craig Bartholomew Robin Parry Scott Hahn Christopher Seitz Al Wolters

**The Formation of the Biblical Canon: Volume 2** Lee Martin McDonald, 2017-01-26 Lee Martin McDonald provides a magisterial overview of the development of the biblical canon the emergence of the list of individual texts that constitutes the Christian bible In these two volumes in sum more than double the length of his previous works McDonald presents his most in depth overview to date McDonald shows students and researchers how the list of texts that constitute the bible was once far more fluid than it is today and guides readers through the minefield of different texts different versions and the different lists of texts considered canonical that abounded in antiquity Questions of the origin and transmission of texts are introduced as well as consideration of innovations in the presentation of texts collections of documents archaeological finds and Church councils In the first volume McDonald reexamines issues of canon formation once considered settled and sets the range of texts that make up the Hebrew Bible or Old Testament in their broader context Each individual text is discussed as are the cultural political and historical situations surrounding them This second volume considers the New Testament and the range of so called apocryphal gospels that were written in early centuries and used by many Christian groups before the canon was closed Also included are comprehensive appendices which show various canon lists for both Old and New Testaments and for the bible as a whole

**Fan Fiction and Early Christian Writings** Tom de Bruin, 2024-05-16 What can contemporary

media fandoms like Anne Rice Star Wars Batman or Sherlock Holmes tell us about ancient Christianity Tom de Bruin demonstrates how fandom and fan fiction are both analogous and incongruous with Christian derivative works The often disparaging terms applied to Christian apocrypha and pseudepigrapha such as fakes forgeries or corruptions are not sufficient to capture the production consumption and value of these writings De Bruin reimagines a range of early Christian works as fan practices Exploring these ancient texts in new ways he takes the reader on a journey from the fix it fic endings of the Gospel of Mark to the subversive fan fictions of the Testaments of the Twelve Patriarchs and from the densely populated storyworld of early Christian art to the gatekeeping of Christian orthodoxy Using theory developed in fan studies De Bruin revisits fundamental questions about ancient derivative texts Why where they written How do they interact with more established texts In what ways does the consumption of derivative works influence the reception of existing traditions And how does the community react to these works This book sheds exciting and new light on ancient Christian literary production consumption and transmission

**The Formation and Significance of the Christian Biblical Canon** Tomas Bokedal,2013-12-05 This book offers a fresh cross disciplinary approach to the current discussion on the Christian canon formation process By carefully integrating historical hermeneutical and theological aspects to account for the emergence of the canon it seeks to offer a more comprehensive picture of the canon development than has previously been achieved The formation and continuous usage of the Christian biblical canon is here viewed as an act of literary preservation and actualization of the church s apostolic normative tradition the Scriptures and the Lord addressing first of all the church but also the wider society In order to grasp the complex phenomenon of the biblical canon the study is divided into four parts focusing respectively on linguistic and effective historical textual and material performative and ideational aspects of the canon Attention is given to the scribal nomina sacra convention the codex format oral and written Gospel early Christian liturgical praxis and the Rule of Faith Bokedal argues that the canon was formed in a process with its own particular intention history and direction Throughout the study history and theology past and present are considered alongside each other By using a Gadamerian hermeneutics of tradition the reader s attention is directed to historical dimensions of the canon and its interpretative possibilities for our time The notion of effective history Wirkungsgeschichte as well as the interaction between text community and reader are crucial to the argument The canonical text as text its interpretation and ritual contextualization are highlighted as unifying elements for the communities being addressed
