Between Sisters:

Between Sisters Kristin Hannah, 2004 With her wedding day approaching Claire Cavanaugh prepares to confront her estranged older sister Meghann a hot shot divorce attorney and self absorbed mother after more than twenty years apart and over the course of a summer in the Pacific Northwest the three women must find out how to overcome their differences to transform themselves into a family Reprint

Female Characters in Fragmentary Greek Tragedy P. J. Finglass, Lyndsay Coe, 2020-07-02 How were women represented in Greek tragedy This question lies at the heart of much modern scholarship on ancient drama yet it has typically been approached using evidence drawn only from the thirty two tragedies that survive complete neglecting tragic fragments especially those recently discovered and often very substantial fragmentary papyri from plays that had been thought lost Drawing on the latest research on both gender in tragedy and on tragic fragments the essays in this volume examine this question from a fresh perspective shedding light on important mythological characters such as Pasiphae Hypsipyle and Europa on themes such as violence sisterhood vengeance and sex and on the methodology of a discipline which needs to take fragmentary evidence to heart in order to gain a fuller understanding of ancient tragedy All Greek is translated to ensure wide accessibility

Cooperation in Primates and Humans Peter Kappeler, Carel P. van Schaik, 2006-03-20 Cooperative behavior has been one of the enigmas of evolutionary theory since the days of Charles Darwin The contributions to this book examine the many facets of cooperative behavior in primates and humans as some of the world s leading experts review and summarize the state of the art of theoretical and empirical studies of cooperation This book is thus the first to bridge the gap between parallel research in primatology and studies of humans Comparative as this approach is it highlights both common principles and aspects of human uniqueness with respect to cooperative behavior

Hidatsa Social and Ceremonial Organization Alfred W. Bowers, 1992-01-01 Hidatsa Social and Ceremonial Organization a study of an important horticultural Plains Indian tribe synthesizes the rich material Alfred W Bowers recorded in the early 1930s from the last generation of Hidatsas who lived in the historic village of Like a Fishhook This documentary record of their nineteenth century lifeways is now a classic in American ethnography The book is

distinguished for its presentation of extensive personal and ritual narratives that allow Hidatsa elders to articulate directly their conceptions of traditional culture. It combines archeological and ethnographic approaches to reconstruct a Hidatsa culture history that is shaped by a concern for cultural detail stemming from the American ethnographic tradition of Franz Boas. At the same time its concern for the understanding of social structure reflects the influence of the British structural functional approach of A. R. Radcliffe Brown. The most comprehensive account ever published on the Hidatsas it is of enduring value and interest.

Meghann is now a highly successful attorney and has put all thoughts of love completely behind her until she meets the one man who believes he can change her mind. Claire has fallen in love for the first time in her life and as her wedding day approaches she prepares to face her strong-willed older sister. Reunited after two decades these two women who believe they have nothing in common will try to become what they never were: a family.
