**Futures Trading in Sugar on the New York Coffee and Sugar Exchange** United States. Commodity Exchange Authority,1963     News for Farmer Cooperatives ,1946     **Leibniz and Hermeneutics** Miguel Escribano Cabeza, José M. Gómez Delgado, Juan Antonio Nicolás, 2016-02-08 In recent centuries in the history of philosophy Leibniz's thought has been considered from a wide range of perspectives as a decisive influence on modernity's genesis or as Kant's predecessor as key to contemporary logic's development and even in parallel to Nietzsche's metaphysics of individuality However the high potential of Leibniz's thought has been most strongly understood by contemporary hermeneutics and its authors including Heidegger for whom Leibniz represents the greatest exponent of Modernity This book explores the philosophical connection of the hermeneutical approach with Leibniz's thought Comprised of twelve chapters in addition to a detailed bibliography of the appearances of Leibniz in Heidegger's Gesamtausgabe and secondary literature it explores such subjects as the distinction amongst phases in Heidegger's reception of Leibniz works dedicated to concepts of time substance representation personal identity reality and force Furthermore this book also provides the perspectives of a number of authors in relation to Leibniz such as Ortega y Gasset Apel Deleuze and Husserl     *Becoming Someone New* Enoch Lambert, John Schwenkler, 2020-07-17 Suppose you're offered an opportunity to experience something that is unlike anything you have ever encountered but that's all you know aside from the fact that the experience is physically safe and morally acceptable How do you decide whether to take up the offer Several philosophers have recently argued that we are in similar situations for more of our decisions than we usually recognize Are they right What resources can we draw on to create such situations Are they enough to satisfy our aims of making the best decisions we can especially in high stakes situations This volume brings together philosophers and psychologists to investigate the phenomenon of transformative change and a host of fascinating questions it prompts Taking their departure from seminal work on transformative choice and experience by L A Paul and Edna Ullmann Margalit the authors pursue fundamental questions concerning the nature of rationality the limits of the imagination and the metaphysics of the self They also strike out into new areas including value theory aesthetics moral and political philosophy Several chapters present the results of experimental investigation into the psychology of transformation self concept and moral learning     Philosophical Romanticism Nikolas Kompridis, 2006-09-27 Philosophical Romanticism is one of the first books to address the relationship between philosophy and romanticism an area which is currently undergoing a major revival This collection of specially written articles by world class philosophers explores the contribution of romantic thought to topics such as freedom autonomy and subjectivity memory and imagination pluralism and practical reasoning modernism scepticism and irony art and ethics and cosmology time and technology While the roots of romanticism are to be found in early German idealism Philosophical Romanticism shows that it is not a purely European phenomenon the development of romanticism can be traced through to North American philosophy in the era of Emerson and Dewey and up to

the current work of Stanley Cavell and Richard Rorty The articles in this collection suggest that philosophical romanticism offers a compelling alternative to both the reductionist tendencies of the naturalism in analytic philosophy and deconstruction and other forms of scepticism found in continental philosophy This outstanding collection will be of interest to those studying philosophy literature and nineteenth and twentieth century thought [New York Supplement](#) ,1915 Includes decisions of the Supreme Court and various intermediate and lower courts of record May Aug 1888 Sept Dec 1895 Superior Court of New York City Mar Apr 1926 Dec 1937 Jan 1938 Court of Appeals
