Customers: The Only Marketing Book You'll Ever Need. Lukas Otompasis, 2026-02-02 You do not need another marketing course You need a system that works Most marketing advice is written for marketers It assumes you have time to master algorithms budgets to test endlessly and patience for theory that never quite applies to your situation This book is different Just Get Customers was written for business owners freelancers and consultants who need clients not credentials People who want to know what actually works why it works and how to do it without wasting months on tactics that sound clever but produce nothing Here is the truth most marketing books will not tell you five decisions drive the majority of your results Get those five right and customers come to you Get them wrong and no amount of posting advertising or building your brand will save you The 5 Decision Marketing System Your Message How to say the right thing to the right person at the right time Why most marketing fails before it starts and how to enter the conversation already happening in your customer s head Your Offer Why what you sell matters less than how you sell it How to package your product or service so the decision becomes obvious Your Channel Where to show up so the right people actually see you How to stop wasting time on platforms where your customers do not exist Your Funnel The journey from stranger to paying customer How to guide people through each stage without losing them along the way Your Follow Up The system that turns maybe later into yes Why most sales are lost to silence and how to stay present without being annoying Inside this book you will discover The two plumbers parable why one struggles for every job while the other has clients waiting in line Why know your customer is useless advice and the three qualifiers that actually matter The psychology of awareness how to match your message to where your prospect actually is How to build offers so compelling that price becomes secondary The Dream 100 strategy for borrowing other people s audiences A simple funnel framework that works for any business The follow up system that closes deals your competitors abandon Copy templates you can use today emails landing pages social posts The content strategy that builds assets instead of creating a treadmill How to run paid ads without gambling the scientific approach to advertising The three numbers that run your business and the only dashboard you need Why marketing is a system not an event and how to build it into daily operations This book is for you if You are good at what you do but struggle to get enough customers You have tried marketing tactics that worked for someone else but flopped for you You are tired of vague advice like provide value and be authentic You want a clear system you can implement this week not theory you will never use You believe there must be a simpler way and you are right This book is not for you if You want shortcuts without effort You are looking for the latest growth hack that will stop working next month You expect results without consistency Marketing is not magic It is a system This book gives you the system Stop overcomplicating it Start getting customers What readers are saying Finally a marketing book that respects my time No fluff No filler Just what works and how to do it I have read dozens of marketing books This is the first one I actually finished and implemented the same week The 5 Decision framework changed how I think about my entire business not just marketing
