Dancing with the Moon Kac Young,2019-08-26 The Moon is an abundant largely untapped source of power that can help you guide and shape your life into having what you truly want The Moon is powerful enough to control the tides in the earth s oceans imagine what it might do for you The Moon s gravitational pull regulates the water and other fluids in your body and magnetizes the silica particles in your brain It s pull affects the hypothalamus and the pituitary glands which in turn regulate your hormones male and female The ancient cultures lived according to the phases of the Moon since time began They centered their lives and activities around the movement of the Moon in the night sky There are still many festivals around the world that honor and celebrate the Moon Every culture has honored the power and stature of the Moon You can practice the secrets the ancient s knew and set your life on track using cosmic motion You can improve many things in your life including well being finances romance and more by harnessing the eight phase power in the movement of the Moon Be as smart as the ancient cultures were and bring the Moon into your life It will be the greatest dance of your lifetime Dancing with the Moon is a practice and a process that can change your life for the better
