Howard S. Harris, David C. Maloney

Computer Literacy In Human Services Education Computers In Human Services:

Computer Literacy in Human Services Education Richard Reinoehl, B. Jeanne Mueller, 1990 This volume provides a unique and notable contribution to the investigation and exemplification of computer literacy in human services education A significant contribution to the development of the contemporary human services curriculum this helpful guide introduces the computer literate curriculum explores the nature of computer literacy and its ramifications for teaching in the human services and discusses the computer's effect on scholarly thinking Computer Literacy in Human Services Education is divided into two major sections the first dealing with teaching about computers and the second addressing the use of computers in teaching In the first section the authors introduce the topic of computer literacy in human services education and look at some general issues which have broad implications for the educator They also explore program wide curriculum development and the development of individual courses In the second section the authors discuss computers as devices which can facilitate both learning and thinking in human services and suggest that some theories explaining human behavior may also apply to human computer interaction Other topics covered in the section are the use of computers in teaching about human services including Computer Assisted Instruction CAI simulations and interactive video The volume concludes with an examination of the ways computers can affect the thinking of scholars in teaching and in model and theory building in the human services

Computer Literacy in Human Services Richard Reinoehl, Thomas Hanna, 1990 This state of the art volume is the first to specifically address define and exemplify computer literacy in human services It is unique in the literature of computer literacy in that it addresses the perspectives of both practitioners and scholars A wealth of thought provoking material is provided including a definition and discussion of computer literacy that emphasizes computer and human service abilities a variety of novel approaches to the use of commercial software in solving human services problems descriptions of the development of new software applications specifically designed for human services settings and an exploration of the current frontier of computer technology in human services Computer Literacy in Human Service is designed for all human service professionals who recognize that computer applications play an important part in present and future practice

Using Technology in Human Services Education Goutham M Menon, Nancy K Brown, 2001-11-14 Make the most of what today's technology has to offer in human services education Distance education presents special challenges to social work education Using Technology in Human Services Education Going the Distance provides case studies and practical research on making the best use of this powerful new tool for teaching Designed for both practitioners and educators this fascinating book examines the use of technology in education and practice in the field of social work and other human services Because setting up distance learning programs can be expensive Using Technology in Human Services Education suggests ways to reduce the impact on the budget including setting up a consortium to merge resources with other schools It also shows how to integrate traditional instructional approaches with the new technologies how to make use

of email and electronic discussion groups and how to use the Internet to hone practice related skills In addition it covers the current status of the technology itself Using Technology in Human Services Education Going the Distance explores ways to maximize the potential of distance education such as a framework for designing distance education courses that fully utilize the unique environments these courses offer a discussion of the impact of technological tools in teaching specific course content ways that SACs Site Advisory Committees can increase students socialization into their new professions ways that students need to be supported in order to feel a connection to a distance learning program the use of GIS Geographic Information Systems to help meet and identify the information needs of a field placement agency Using Technology in Human Services Education offers creative approaches and practical advice for making the best use of the technology Whatever your level of computer skill from novice to hacker this book will give you ideas you can use No individual or institution interested in maintaining top quality in human services education should be without this book Human Services Technology Hy Resnick, Phoebe Sade Anderson, 2006-02-02 Make the most of your human services training or practice with these electronic tools Human Services Technology Innovations in Practice and Education shows how technology can help practitioners educators organizations and agencies to overcome obstacles develop problem solving skills in adults and children and resolve fear anxiety issues It also illustrates how the right software can make a profound difference in the learning experience by transforming students from passive consumers to proactive information hunters The first half of this vital book highlights well designed user friendly practice focused software for use with children and youth including Funny Face Bruce s Multimedia Story Say No With Donny Talking it Out and more These can be used in play therapy as a child welfare aid as an educative preventative intervention for a variety of issues and for problem solving in school This half of the book continues with six chapters discussing software designed for human services professionals working with adults These include interactive video conferencing online support for job stress a computer aided art therapy program telephone counseling an electronically supported way to conduct staff meetings and more The second half of Human Services Technology discusses software used for training counselors These programs monitor users understanding of the material provide feedback allow users to decide what direction their studies would move in and make provision for students to determine their own pace This vital book shows how technology can help practitioners educators organizations and agencies to deliver effective services to clients who cannot or will not come to face to face sessions use electronic games and simulations to develop problem solving skills in children and adults use virtual environments and realistic stimuli to resolve issues of fear and anxiety make prevention information easily available to more people than ever before and much more Describing and illustrating software developed and tested in the United States Australia Canada Israel Finland and the United Kingdom Human Services Technology Innovations in Practice and Education is essential for every human services reference shelf **Web-Based Education in the Human Services** Richard Schoech, Brenda Moore, Robert James Macfadden, Marilyn Herie, 2014-02-25 A

much needed look at innovative and effective methods for creating virtual learning environments for human services Web Based Education in the Human Services reflects the vitality and diversity of Web based courses currently delivered within human services Unlike previous texts that have combined technologies such as Interactive Television ITV and two way audio where Web involvement was minimal this unique book focuses on Web based models tools and techniques used in courses where the majority of the content is delivered online The book s contributors emphasize the social aspects of learning examining topical areas not usually associated with Web based education as they remind us of the need to move beyond the similarities between WBE and face to face FTF approaches Web Based Education in the Human Services documents a course delivery method coming of age in its desire to create virtual learning environments that incorporate a variety of techniques and strategies These environments use concepts and tools beyond what packages such as WebCT currently offer highlighting the power of designing a complete Web based curriculum rather than viewing each course separately Many of the most successful approaches presented in this invaluable book don t involve sophisticated tools or programming but the creative design of interactive scenarios emotional content and feedback mechanisms that reinforce the instructor s role as the crucial ingredient for success Web Based Education in the Human Services examines adult learning theories teaching practice skills through Web based technology how to bridge the gap between theory and practice faculty perceptions of the effectiveness of Web based instruction compared to face to face instruction the accessibility of Web based education the significance of emotion in learning Web based delivery of a graduate professional training program the creation delivery and evaluation of a pilot course using Blackboard 6 the development of a Web based undergraduate child welfare course the use of Web based video clips for counselor skills training the design development pilot and revision of a Web based social work practice course an online format for agency based field instruction the design of a Web based graduate program in counseling psychology and much more Web Based Education in the Human Services is an invaluable resource for social work and human services educators including education nursing and psychology Web course developers and college and university administrators

Human Services Online Jerry Finn, Gary Holden, 2024-11-01 Will your agency or students have the training to use the Internet in practice Human Services Online A New Arena for Service Delivery focuses on ways that Human Services are using the Internet for service delivery community education collaboration advocacy social change and resource development This valuable book highlights the array of innovative services now being offered on the Internet and provides guidelines and cautions for human service professionals in using the Internet to enhance their services Human Services Online A New Arena for Service Delivery provides much needed research and empirical evaluation related to human service online activities and points to areas where future research efforts should be directed The book describes and evaluates cutting edge Internet based services ethical and legal threats to agencies and consumers that may result from online activities and theoretical discussions of issues that impact human services as consumers and human service agencies increasingly come online Topics

addressed in Human Services Online A New Arena for Service Delivery include online therapy counseling online fundraising online recruitment of volunteers and virtual volunteer programs online consultation continuing education and training ethical legal and liability issues related to Web sites and online support online support groups and self help online advocacy and activism promoting access for under represented populations use of the Internet to impact specific social problems such as domestic violence or HIV AIDS Human Services Online A New Arena for Service Delivery provides guidelines and specific suggestions for agencies considering developing online services The book examines model programs and their effectiveness so that other agencies can replicate them in their own areas describes cutting edge online services that today s human services students will need to be aware of as they enter the job market and provides information for agencies that will enhance their ability to solicit volunteers and contributions on the Internet Human Services Practice, Evaluation, and Computers Paula Nurius,Walter W. Hudson,1993 **Human Services in the Age of New Technology** David Phillips,Yitshak Berman,1995 Part Two deals with conceptual organisational and policy issues Chapter Three tackles the issues of identity and education What is IT What is social work And what is the relationship between them Chapter Four briefly dips into organisational theory and then explores the difficulties and contradictions of computerising a hybrid part rational part natural systems organisational structure Policy issues are explored in Chapter Five **Computers in Human Services** John T. Pardeck,John W. Murphy,1990 *Departments of Labor, Health and Human services, Education and Related Agencies Approorirations* , **Journal of Education for Social Work** ,2000 *Subject Guide to Books in Print* ,1997 *The Journal of Baccalaureate Social Work* ,1996 **The Cumulative Book Index** ,1991 A world list of books in the English language Theory, Practice, and Trends in Human Services Ed Neukrug,1994 This easy to understand comprehensive overview of human services has an added emphasis on developmental understanding of both clients and the human services worker Basic human service topics are covered such as history theory and interventions and the author goes a step beyond to include a multicultural awareness The author presents an overview and delineation of the various kinds of human services professions and possible employment in the different fields of human services **New Technology in the Human Services** ,2001 **Documentation Abstracts** ,1993 *Cabell's Directory of Publishing Opportunities in Educational Technology and Library Science* ,2007 *Current Index to Journals in Education* ,1991 **Human Services** Howard S. Harris,David C. Maloney,1996
