A Jew Is:

What is a Jew Morris N. Kertzer, 1996-11 First published in 1953 What Is A Jew? Rabbi Morris N. Kertzer, 2016-08-09
A guide to the beliefs traditions and practices of Judaism that answers questions for both Jew and Gentile Rabbi Kertzer
answers over 100 of the most commonly asked questions about Jewish life and customs including What is the Jewish attitude
toward intermarriage Toward birth control Do Jews believe in equality between the sexes Are Jews forbidden to read the New
Testament What is the basis for the Dietary Laws For non Jews who want to learn about the Jewish way of life For Jews who
wish to rediscover forgotten traditions and beliefs This portrayal of the Jewish way of looking at things attempts to convey
some of the warmth the glow and the serenity of Judaism the enchantment of fine books the captivating color of Hasidism the
mirthful spirit of scholars more than sixteen centuries ago and the abiding sense of compassion that permeates our tradition
It is in this way and only in this way that anyone can give a meaningful answer to the question What is a Jew Rabbi Morris N
Kertzer **Who is a Jew?** Shmuel Butman, 1988 **What Is a Jew?** Morris Norman Kertzer, 2012-05-01 Who is a Jew?
Leonard Jay Greenspoon, 2014 The nature of Jewish identity and the controversies surrounding who can and cannot be
described as a Jew are the focus of this collected work Contributions range widely across time and geographical context
revealing interesting historical patterns **What is a Jew?** Shmuel Butman, 1988 *Why Am I a Jew ?* Emil Gustav
Hirsch, 1895 **What is a Jew?** Morris N. Kertzer, 1978 Using a question and answer format this is an explanation of Jewish
customs and beliefs Who Is A Jew? Leonard J. Greenspoon, 2015-04-15 Jewish identity is a perennial concern as Jews seek
to define the major features and status of those who belong while at the same time draw distinctions between individuals and
groups on the inside and those on the outside From a variety of perspectives scholarly as well as confessional there is intense
interest among non Jewish and Jewish commentators alike in the basic question Who is a Jew This collection of articles draws
diverse historical cultural and religious insights from scholars who represent a wide range of academic and theological
disciplines Some of the authors directly address the issue of Jewish identity as it is being played out today in Israel and
Diaspora communities Others look to earlier time periods or societies as invaluable resources for enhanced and deepened
analysis of contemporary matters All authors in this collection make a concerted effort to present their evidence and their
conclusions in a way that is accessible to the general public and valid for other scholars The result is a richly textured
approach to a topic that seems always relevant If as is the case no single answer appeals to all of the authors this is as it
should be We all gain from the application of a number of approaches and perspectives which enrich our appreciation of the
people whose lives are affected for better or worse by real life discussions of this issue and the resultant actions toward
exclusivity or inclusivity A Jew's Christian Trafford Sharron, 1904 **A Book of Jewish Thoughts Selected and
Arranged by the Chief Rabbi (Dr. J. H. Hertz)** Joseph Herman Hertz, 1921 *The International Jew, the World's
Foremost Problem* , 1920 The American Jew as Patriot, Soldier and Citizen Simon Wolf, 1895 **It Seems I Am a Jew** G.

A. Freiman, 1980 In this essay smuggled out of Russia a renowned Soviet mathematician speaks out against the policies of the Steklov Institute in Moscow which controls much of mathematical life in the Soviet Union They control VAK the certification commission that has the final say in approving doctoral dissertations and as Dr Freiman documents seem to be pursuing a policy that will make all of Russian higher mathematics Judenfrei The numbers m and n have the same prime factors The numbers $m+1$ and $n+1$ possess the same property Are the multiples of this pair of numbers m and n finite or infinite Explain This was the special question asked Sasha Navodvorskij during his oral entrance examination for the Mathematical and Mechanical School at Moscow University He who had received a perfect score on his written examinations did so poorly on his oral exam that he was denied entrance His brother had recently left for Israel Freiman's essay against the corruption of the minds and souls of men was prompted by his own student identified only as B in the essay falling victim to this depraved system Kafkaesque and Orwellian the selection process Freiman describes is made possible by a blend of pathological anti-Semitism on the part of key individuals in the Institute and the unique Soviet system of rewards and punishments The insidious process has proven effective to a remarkable degree The Soviet Academy of Sciences contains only a single Jewish mathematician and the Steklovka is now Judenfrei
