Maronite Church historiography that was maintained by the historians of the Church whose claims and hypotheses ultimately defined the communal identity of the Maronites in Mount Lebanon and deeply influenced subsequent Lebanese national identity Rooted in a reexamination of the existing literature and bringing evidence to bear on this particular aspect of history writing in Lebanon it shows how early Maronite ecclesiastic historiography's plea for inclusion as a part of Catholic orthodoxy was transformed and recast in subsequent centuries by lay and secular historians into a demand for exclusion and exclusivity which in turn led to the rise of exclusivist political identities based on sectarian belonging in Mount Lebanon Ultimately Mouannes Hojairi shows how history writing is one of the main instruments in generating and perpetuating nationalist ideologies and how historians are central agents of nationality

**A History of the Art of Writing** William A. Mason, 2015-06-25 Excerpt from A History of the Art of Writing Every one who has read a printed page of English or any European writing doubtless has wondered how the letters or words that he reads or uses in writing to record his own thoughts ever came to be used as the representations or symbols of spoken words Our processes of thought in the ever widening environment of these busy modern days have become so automatic that we are apt to lose sight of the historical evidences of the long constructive past written large over the pages of the voluminous present That there is a whole volume of human history back of every one of the twenty six alphabetic characters with which we write our thoughts may be a new idea to most readers of this book Yet one will find as he investigates the subject that these simple symbols apparently so arbitrary and meaningless to our latter day eyes are replete with the linguistic even the domestic history of countless generations of our remote ancestors About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
