Snow, 2014-04-21 Imagine finding out during the delivery of your own child that the world in which you live is not the world that you had thought that it was your entire life Eric Dunn is a simple man with very little wants who is thrust into a whirlwind chase across the country trying to save himself his wife and his newborn son from a life of slavery Holly Cranfield is the wife of a Homeland Security agent and mother of a severely disabled boy who risks everything to set herself and her son free from the bondage that they live in Follow them as they run and try to outwit the law They are both helped by a secret organization set up to fight the slavery imposed by a powerful unknown group called The Insiders *Iran's Nuclear Ambitions* Shahram Chubin, 2010-03-01 Iran is aggressively seeking nuclear technology that could be used for making weapons and its quest has set off alarms throughout the world This widespread concern stems in part from Iran s uncertain intentions and recent history Will it remain a revolutionary power determined to subvert its Sunni Arab neighbors destroy Israel and spread theocratic government to other lands Or would an Iran with nuclear weapons merely defend its territory from foreign aggression and live in peace with its neighbors Are the country s leaders and society willing to negotiate limits on nuclear capability and normalize relations with the West or will they resist accommodation Iran s Nuclear Ambitions provides a rare balanced look into the motivations perceptions and domestic politics swirling around Iran Shahram Chubin an Iranian born security expert details the recent history of Iran s nuclear program and diplomacy He argues that the central problem is not nuclear technology but rather Iran s behavior as a revolutionary state with ambitions that collide with the interests of its neighbors and the West Topics include The view from Tehran Iran s nuclear energy rationale domestic politics

and decisionmaking Sources of concern including the nature of Iran s regime its nuclear infrastructure missile development and terrorism Iran s negotiating strategy The international response Iran and regional security including the U S as a threat and rival Iran s regional ambitions and Israel Policy options
