Modern Jewish Theology

The First One Hundred
Years, 1835–1935

EDITED BY *Samuel J. Kessler* AND *George Y. Kohler*

A Jewish Theology

Louis Jacobs

A Jewish Theology:

A Jewish Theology Louis Jacobs, 1973 *Jewish Theology* Kaufmann Kohler, 1918 *Toward a Jewish Theology of Liberation* Marc H. Ellis, 1987 States that the history of the Jewish people is filled with anguish and suffering Even today after the Holocaust Jews are considered as victims and survivors The Jewish people are ostracized and condemned for their difficult passage to empowerment in the State of Israel On the other hand the Jews struggle to preserve their values has been shadowed by a betrayal of those values Contends that in Israel and America Jewish policies and alliances increasingly resemble those historically used to oppress the Jews Surveys recent Jewish theology e g Wiesel Rubenstein Fackenheim Greenberg and calls for a move beyond Holocaust theology to a Jewish theology of liberation which will encompass solidarity with suffering peoples everywhere

An Introduction to Jewish Theology: Biblical and Rabbinic Concepts on God, the Torah, Life After Death, and More Juan Marcos Bejarano Gutierrez, 2019-03-26 Rabbi Byron L Sherwin once noted that many Jews seemed convinced that since traditional Judaism is focused on Halachah i e the practical observance of the commandments any discussion about theology is superfluous Some go as far as to say that traditional Judaism does not have a theology The problem of course is that any discussion about God the Torah and the people of Israel immediately raises fundamental questions such as which God are we discussing how was the Torah revealed who are the people of Israel etc All these questions are the domain of theology the study of religious beliefs Perhaps part of the issue with the aforementioned assumptions is the lack of creeds or doctrinal statements along the lines of those embraced by Christians ty Jewish theology is multifaceted and does not reflect the systematic nature of Christian thought This fact does not diminish its depth however At first glance the topics included in this volume may appear to be a series of disjointed and independent essays These topics in my opinion cover recurring themes and questions that define much of Jewish theology Any attempt to address Jewish theology comprehensively would require many volumes This work is focused on a few key concepts only It is intended for the beginner but hopefully contains sufficient information to also be of interest to the more advanced reader and prove the starting point towards greater study Chapter one titled Creation explores the differences between Mesopotamian worldviews and the Bible s notion of God s creation of the world Judaism and in its earlier form Israelite religion did not arise in a vacuum Similarities exist in the foundational stories of various neighboring cultures but the differences found in the Torah reveal the heart of Jewish faith The second chapter is titled Jewish Concepts Concerning God and briefly discusses ideas of God in biblical rabbinic and Kabbalistic thought There are conflicting images of God in the Bible and the developments in Jewish thought sought to address these differences The third chapter is titled Who is a Jew It addresses the age old question of Jewish identity from the vantage point of classical rabbinic perspectives as well as from alternate points of view found in modern Jewish movements The strengths and weaknesses of these different views are briefly discussed The fourth chapter Jewish Views of Afterlife discusses the fascinating topic of life after death in biblical literature as well as in the later works

written during the Second Temple Era the rabbinic period and into the medieval and modern periods Chapter five titled Polarity in Jewish Thought delves into the subject of the Jewish alternative of descriptive theology to theological systems characterized by an emphasis on definition and classification The next chapter titled The Revelation at the Torah discusses the giving of the Torah at Sinai and covers the idea of the Torah as it is understood in traditional and non traditional Jewish movements A brief discussion on historical criticism is also included In addition the limits of prophetic revelation in the legislative process are also discussed The subsequent chapter The Land of Israel surveys biblical and rabbinic perspectives on God's unique relationship to the Land of Israel The last chapter titled Tikkun Olam address misconceptions regarding this prevalent but largely misunderstood idea Tikkun Olam is often understood as a Jewish commitment to social justice Its original meaning and the very different goals it envisions are deliberated *Toward a Jewish Theology* Byron L.

Sherwin,1991 After establishing a vision of and a methodology for doing Jewish theology that vision and methodology are applied to a number of issues of major theological concern These include love and law awe of God the problem of evil Holocaust theology theologies of the human body theological ethics and eschatology Utilizing a remarkable range of classical sources from Hebrew Scriptures to Hasidim Talmud to Jewish philosophy medieval Jewish mysticism to contemporary political theology this volume demonstrates how theology is an artform informed by erudite scholarship and honed by analytic skill **Jewish Theology: A History and Study of Judaism; Jewish Beliefs, Prayers and Thought**

(Hardcover) Kaufmann Kohler,2018-05-28 This book by prominent rabbi Kaufmann Kohler explains the beliefs traditions and history of the Jewish faith Detailed yet accessible explanations of the tenets of the religion are offered by Kohler whose decades spent in devotion and study of Judaism imbue the pages with an authentic and intimate knowledge of the faith from ancient times onward First published in 1918 this account of the Jewish religion was praised by Kohler's contemporaries in the American Jewish community Kaufmann Kohler was a Jewish intellectual and rabbi who rose to prominence after emigrating to the USA at a young age after formal education in various schools in Germany Over decades he became a respected public figure advocating Reform Judaism and influenced the development and public prominence of the Jewish religion A frequent committee member and speaker at various rabbinic conferences Kohler was also enthusiastic about science using his writing skills to contribute articles to various scientific journals **Religious Truth** Alon

Goshen-Gottstein,2020-04-02 Truth informs much of the self understanding of religious believers Accordingly understanding what we mean by truth is a key challenge to interreligious collaboration The contributors to this volume all leading scholars consider what is meant by truth in classical and contemporary Jewish thought and explore how making the notion of truth more nuanced can enable interfaith dialogue Their essays take a range of approaches some focus on philosophy proper others on the intersection with the history of ideas while others engage with the history of Jewish mysticism and thought Together they open up the notion of truth in Jewish religious discourse and suggest ways in which upholding a notion of one s

religion as true may be reconciled with an appreciation of other faiths By combining philosophical and theological thinking with concrete case studies and discussion of precedents and textual resources within Judaism the volume proposes new interpretations of the concept of truth going beyond traditional exclusivist uses of the term A key aim is to help Jews seeking dialogue with other religions to do so while remaining true to their own faith tradition in pursuit of this the volume concludes with suggestions of how the ideas presented can be applied in practice

CONTRIBUTORS Cass Fisher Jerome Yehuda Gellman Alon Goshen Gottstein Avraham Yizhak Arthur Green Stanislaw Krajewski Tamar Ross

Jewish Theology in Our Time, 2010-12-01 A powerful and challenging examination of what Jews believe today by a new generation s dynamic and innovative thinkers At every critical juncture in Jewish history Jews have understood a dynamic theology to be essential for a vital Jewish community This important collection sets the next stage of Jewish theological thought bringing together a cross section of interesting new voices from all movements in Judaism to inspire and stimulate discussion now and in the years to come Provocative and wide ranging these invigorating and creative insights from a new generation s thought leaders provide a coherent and inspiring picture of Jewish belief in our time

The Search for Jewish Theology Bernard Jacob Bamberger, 1978

A Jewish Public Theology Abraham Unger, 2018-10-15 A Jewish Public Theology draws from Halakhah Jewish law to address some of the most searing current policy issues Abraham Unger examines how Jewish tradition speaks to globalization and its attendant political and economic cleavages Classical Jewish thought sits on a perch outside of the defining parameters of the global political conversation and as such cannot be pigeon holed as populist leftist or rightist Judaism was born in antiquity and therefore predates by millennia these current ideological biases That intellectual distance both due to the long arc of Jewish history and outsider minority status as a tradition allows for a critical distance Unger explores how the Jewish tradition compels the living out of a public policy framework through the forging of equitable communities using arguments that go beyond political orthodoxies In this socially fragile era the possibility of that message offers a hopeful discourse of significant possibility for all humankind

Toward a Jewish Theology of Liberation Marc H. Ellis, 2004 Turmoil still grips the Middle East and fear now paralyzes post 9 11 America The comforts and challenges of this book are thus as timely as when first published in 1987 With new reflections on the future of Judaism and Israel Ellis underscores the enduring problem of justice Ellis use of liberation theology to make connections between the Holocaust and contemporary communities from the Third World reminds both Jews and oppressed Christians that they share common ground in the experiences of abandonment suffering and death The connections also reveal that Jews and Christians share a common cause in the battle against idolatry represented now by obsessions for personal affluence national security and ethnic survival According to Ellis Jews and Christians must never allow the reality of anti Semitism to become an excuse for evading solidarity with the oppressed peoples be they African Asian Latin American or especially Palestinian Archbishop Desmond Tutu winner of the Nobel Peace Prize and author of *God Has a Dream*

The Future of Jewish Theology Steven

Kepnes,2012-10-25 This engaging argument for the future of Jewish theology written by a renowned Jewish scholar provides a rounded introduction to the faith its history and its place in the modern world Explores foundational Jewish structures and concepts through the discussion and interpretation of Jewish texts Argues that we must acknowledge holiness as a ritual and ethical reality in order to heal the rift between different forms of Jewish practice and theology Covers historical context as well as the relations between Judaism Israel and the wider world today Speaks to both Jews and non Jews and demonstrates through textual readings how Jews Christians and Muslims can understand and share their theological riches

Understanding Jewish Theology Jacob Neusner,1973 **Jewish Theology and Process Thought** Sandra B.

Lubarsky,David Ray Griffin,1996-03-07 Presents essays by Jewish thinkers who have found process thought to be a useful framework for contemporary Jewish thought and a set of conversations between Jewish and Christian thinkers on the appropriateness of process thought for Judaism and Christianity **Studies in Jewish Theology** Byron L. Sherwin,2007
Studies in Jewish Theology invites the reader into the laboratory of a Jewish theologian as he confronts visceral issues that have confronted classical Jewish theology and that continue to challenge contemporary Jewish theological inquiry After offering an exposition of the nature of Jewish theology and demonstrating why and how it is crucial and relevant for understanding the nature and meaning of Judaism as a religious faith the author proposes a creative and compelling methodology for doing Jewish theology This methodology is then applied to various perennial issues of Jewish theological concern including the problem of evil the nature of God love and awe of God God s love and law theological foundations of the Jewish holydays philosophies of Jewish law and the application of Jewish theology to matters of social ethics and spirituality Attention then turns to a consideration of Jewish Christian theological dialogue where a Jewish theology of Christianity an explication of John Paul II s theology of Judaism and medieval Jewish and Christian views of original sin are presented Finally new perspectives on the work of contemporary Jewish theologians such as Solomon Schechter Abraham J Heschel Louis Jacobs and a survey of American Jewish theology are discussed A combination of erudite and accessible exposition of a wide variety of theological issues this volume collects seventeen studies written over three decades by an eminent American Jewish theologian Doing Jewish Theology Rabbi Neil Gillman, PhD,2011-02-07 An Intellectually Rich and Challenging Exploration of Modern Jewish Theology How we deal with revelation determines how we handle the issue of authority in belief and practice How we understand authority determines how we deal with the claims of the tradition on us how we deal with those claims determines how we shape our own Judaism That conclusion opens the gate to a reconsideration of all of Judaism s theology in particular how we understand God for God is at the heart of Torah from the Introduction With clarity and passion award winning teacher author and theologian Neil Gillman captures the power of Jewish theological claims and reveals extraordinary insights into Jewish identity the purpose of religion and our relationship with God Drawing from Judaism s sacred texts as well as great thinkers such as Mordecai Kaplan Abraham Joshua Heschel

and Paul Tillich Gillman traces his theological journey over four decades of study beginning with his own understanding of revelation He explores the role of symbol and myth in our understanding of the nature of God and covenant He examines the importance of community in both determining authority and sanctifying sacred space By charting the development of his own personal theology Gillman explores the evolution of Jewish thought and its implications for modern Jewish religious identity today and in the future

God and Jewish Theology Alvin Jay Reines,1965

Jewish Theology and World Religions Alon Goshen-Gottstein,Eugene Korn,2012-04-05 The contributors to this volume represent a range of disciplines and denominations within Judaism and share the conviction that articulating contemporary Jewish views of other world religions is an urgent objective for Judaism Their essays show why a Jewish theology of world religions is a priority for Jewish thinkers and educators concerned with reinvigorating Judaism s contribution to the contemporary world and maintaining Jewish identity and continuity

Towards a Jewish Theology of Liberation Mark Ellis,2013-01-03 Marc Ellis fine book about the future of the Jewish community was first published in 1987 But twenty years on in the light of recent events in the Middle East and post September 11 its powerful message of hope directed towards a people poised between Holocaust and empowerment remains as powerful apposite and pressingly relevant as it was before Ellis begins with two poles the holocaust and the pain and vision that issue from it This leads him into ethics and he highlights the contrast between the depth of Jewish ethical commitment and the paucity of renewal movements within Judaism The author then addresses all suffering peoples and the Christian liberation movements active among them so that the holocaust may be set in a wider context Against this background Ellis sees it as essential that the journeys and visions of dissenting Jews such as Etty Hillesum and Martin Buber should be re appraised An alternative perspective of what it means to be Jewish begins to emerge and in the final chapter a Jewish theology of liberation is essayed which is a theology prepared to enter the danger zones of contemporary Jewish life often at some cost

Opening the Covenant Michael S. Kogan,2007-12-17 The Vatican II Council of 1965 signaled a new era in the relationship of the Jewish and Christian faiths Determined to free the Church of the anti Jewish polemic which led to such widespread suffering of the innocent Catholic authorities completely revised their conceptions of Jews and Judaism Soon many mainstream Protestant churches also issued a series of official statements that affirm the eternal nature of God s ancient covenant with Israel An entirely new category of theology emerged as part of the developing Jewish Christian dialogue and gradually Jewish theologians began to respond Opening the Covenant represents a significant advance in Jewish thinking about Christianity Michael Kogan delves deep into the theologies of the two faiths to locate precise points of difference and convergence He sees Christianity as the breaking open of the original Covenant to include Gentile peoples God has brought this about says Kogan through the work of Jesus and his interpreters If Christianity is a divinely inspired movement then Judaism must reevaluate its truth claims This will in no way compromise the truth of Judaism itself but will cause Jews to understand their own faith more fully by locating it in the larger context of God s

universal redemptive plan Kogan calls for each tradition to receive the wisdom of the other as a means of self understanding Once each faith is freed to find God s purpose in the other the way will be open to a liberating pluralism in which Jews and Christians come to see each other as Israelite siblings sharing a universal role as God s witnesses the builders of God s Kingdom on Earth Neither faith can do this world redemptive work alone Kogan argues that an affirmation of one s own religion can still provide space for the truth of the other and presents a theory of multiple revelations of truth flowing from the one God of all

Right here, we have countless ebook **A Jewish Theology** and collections to check out. We additionally come up with the money for variant types and after that type of the books to browse. The agreeable book, fiction, history, novel, scientific research, as without difficulty as various additional sorts of books are readily reachable here.

As this A Jewish Theology, it ends happening being one of the favored book A Jewish Theology collections that we have. This is why you remain in the best website to look the unbelievable book to have.

A Jewish Theology Introduction

In today's digital age, the availability of A Jewish Theology books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of A Jewish Theology books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of A Jewish Theology books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing A Jewish Theology versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, A Jewish Theology books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing A Jewish Theology books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for A Jewish Theology books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals,

making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, A Jewish Theology books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of A Jewish Theology books and manuals for download and embark on your journey of knowledge?

FAQs About A Jewish Theology Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. A Jewish Theology is one of the best book in our library for free trial. We provide copy of A Jewish Theology in digital format, so the resources that you find are reliable. There are also many Ebooks of related with A Jewish Theology. Where to download A Jewish Theology online for free? Are you looking for A Jewish Theology PDF? This is definitely going to save you time and cash in something you should think about.
