A Less Than Perfect Union Alternative Perspectives On The Us Constitution:

Historical Dictionary of the U.S. Constitution Richard S. Conley, 2016-08-16 The Historical Dictionary of the U S Constitution covers the Founding of the American Republic and the Framers the drafting of the Constitution constitutional debates over ratification and traces key events Supreme Court chief justices amendments and Supreme Court cases regarding the interpretation of the Constitution from 1789 2016 The Historical Dictionary of the U S Constitution contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on key figures in the Founding Supreme Court chief justices explanations of the Articles and Amendments to the Constitution and key Supreme Court cases This book is an excellent access point for students researchers and anyone wanting to know more about the U S Constitution

African Americans and the First Amendment The Case for Liberty and Equality Timothy C. Shiell, 2019-01-01 The first detailed examination of African Americans and First Amendment rights from the colonial era to the present African Americans and the First Amendment is the first book to explore in detail the relationship between African Americans and our first freedoms especially freedom of speech Timothy C Shiell utilizes an interdisciplinary approach to demonstrate that a strong commitment to civil liberty and to racial equality are mutually supportive as they share an opposition to orthodoxy and a commitment to greater inclusion and participation This crucial connection is evidenced throughout US history from the days of colonial and antebellum slavery to Jim Crow in the landmark US Supreme Court decision in 1937 freeing the black communist Angelo Herndon in the struggles and victories of the civil rights movement from the late 1930s to the late 60s and in the historical and modern debates over hate speech restrictions Liberty and equality can conflict in individual cases Shiell argues but there is no fundamental conflict between them Robust First Amendment values protect and encourage demands for racial equality while weak First Amendment values in contrast lead to censorship and a chilling of demands for racial equality A splendid book on all accounts and a necessary one in today s heated debate over free speech Donald Alexander Downs author of Restoring Free Speech and Liberty on Campus

Women and the U.S. Constitution Sibyl A. Schwarzenbach, Patricia Smith, 2004-02-18 Women and the U S Constitution is about much more than the nineteenth amendment This provocative volume incorporates law history political theory and philosophy to analyze the U S Constitution as a whole in relation to the rights and fate of women Divided into three parts History Interpretation and Practice this book views the Constitution as a living document struggling to free itself from the weight of a two hundred year old past and capable of evolving to include women and their concerns Feminism lacks both a constitutional theory as well as a clearly defined theory of political legitimacy within the framework of democracy The scholars included here take significant and crucial steps toward these theories In addition to constitutional issues such as federalism gender discrimination basic rights privacy and abortion Women and the U S Constitution explores other issues of central concern to contemporary women areas that strictly speaking are not yet considered a part of constitutional law
