Avsarian Resurrection:

The Resurrection of the Messiah Francis J. Moloney, 2013 Taking inspiration from a different interpretative tradition the classic work of Raymond Brown on the birth and death of the Messiah Francis Moloney has provided a comprehensive narrative reading of the resurrection stories of all four Gospels in close association with their passion narratives to which they are the stunning response The book traces how the four eangelsists different telling of the resurrection stories has narrated the action of God for Jesus and the action of God and Jesus for all Christians in and through the early Church s belief and experience of the resurrection of Jesus The final chapter discusses what we can recover about the events of Easter day and more importantly what these events meant then and continue to mean today back cover

Believing in the Resurrection Gerald O'Collins, 2012 Gerald O'Collins SJ is professor emeritus of the Gregorian University Rome and now adjunct professor at Australian Catholic University An international authority in the area of resurrection studies he has published seven books and dozens of articles on the resurrection of Jesus *The Resurrection of the Dead* William Hanna, 1872 *The Resurrection of Jesus* James Orr, 1908 Resurrection: A Guide for the Perplexed Lidija Novakovic, 2016-02-25 This volume examines what the followers of Jesus meant when they declared that he was raised from the dead This claim which lies at the core of Christian faith is one of the most controversial topics in Christianity Jesus resurrection has no analogy in human history Although many 1st century Jews expected the resurrection of the dead at the end of time the Christian claim that this had already happened to one individual within the realm of history was unprecedented Moreover an affirmation of Jesus bodily resurrection contradicts the known laws of nature Additional difficulty comes from the nature of the available evidence The New Testament sources not only mirror the worldview of ancient authors but also differ with regard to who saw him alive what was the nature of his risen body and whether the empty tomb was a widespread knowledge or an assumption based on prior beliefs Novakovic presents all these issues in a clear and methodical way She examines the literary sources and addresses various questions related to historical investigations of Jesus resurrection

The First Resurrection Flossie Jackson Spencer, 2013-08 Many people believe there will be a future rapture great tribulation and millennial kingdom but what about escaping the conflict in the rapture yet having to face Satan in another after the millennium is complete There are a lot of flaws in the end time doctrine that cause joy and nightmares for many believers I was such a believer and because of the unanswered questions that caused me to lose sleep my prayers were answered with wonder and excitement Revelation came with hard studies and prayer which should continue with the reader of this book My prayer is for your understanding to be opened as you read and meditate on this work

The Reality of the Resurrection Merrill C Tenney, 2020-05-08 Ever since the apostles of Christ invaded the Roman world with the gospel the Christian church has been endeavoring to formulate its theology in language relevant to the times The essential truth of divine revelation remains unchanged for God is eternally the same but the problems and fashions of human thought vary from century to century Each succeeding period demands some new adjustment discarding the phraseology of the past and adopting eagerly the current formulas that seem more significant In this creedal flux the definition of Christianity often seems to be dependent upon the terms of the latest philosophy that it encounters During the Middle Ages Thomas Aquinas attempted to combine Biblical truth with Aristotelian reasoning Later Immanuel Kant's philosophy led to the theology of Schleiermacher and Harnack and today existentialism wields a powerful influence over Barth Brunner and Bultmann Is there

any inherent principle or symbol by which the gospel can be defined without resorting to extraneous forms The author believes that the resurrection of Christ can supply the framework for Christian theology because it marks the intersection of the temporal and eternal worlds of material existence and spiritual life Because the event is supernatural it expresses the essence of God s revelation because it is historical it is a genuine part of human experience The resurrection is a permanent witness to the love power holiness and redemptive purpose of God and is also a fact which must be accepted as part of history It cannot be dismissed as a speculative venture of the intellect which is possibly but not necessarily true
