Ayn Rand Companion:

A Companion to Ayn Rand Allan Gotthelf, Gregory Salmieri, 2021-11-08 The first volume to offer a comprehensive scholarly treatment of Rand's entire corpus including her novels, her philosophical essays and her analysis of the events of her times. This Companion provides vital orientation and context for scholars and educated readers grappling with a controversial and understudied thinker whose enduring influence on American and world culture is increasingly recognized. The first publication to provide an in-depth scholarly treatment ranging over the whole of Rand's corpus. Provides informed contextual analysis for scholars in a variety of disciplines. Presents original research on unpublished material and drafts from the Rand archives in California. Features insightful and fair-minded interpretations of Rand's controversial positions. *A Companion to Ayn Rand* Allan Gotthelf, Gregory Salmieri, 2016 *The New Ayn Rand Companion* Mimi Reisel Gladstein, 1999

The New Ayn Rand Companion Mimi R. Gladstein, 1999-08-30 An essential guide to the life and works of Ayn Rand. The book chronicles and summarizes her writings, presents information about her national and global impact and the response to it, and provides the most comprehensive bibliography published to date. Written by an independent scholar who is not part of either the Ayn Rand establishment or the Ayn Rand detractor camp. *The New Ayn Rand Companion* builds on the foundation of the original *New materials about Rand's posthumous publications, the latest biographical information and summaries of books and articles about Rand published since her death have been added.* Burgeoning interest in Rand, the publication of her *Letters and Journals* and *Russian Writings* and the growing body of critical works necessitates an expanded and revised edition of the *Ayn Rand Companion*. This new edition is the only general reference work that covers the complete Rand corpus including both those works published during her life and those published to date. **Ayn Rand's Atlas Shrugged** Edward W. Younkins, 2016-04-15 Since its publication in 1957, *Atlas Shrugged* the philosophical and artistic climax of Ayn Rand's novels has never been out of print and has received enormous critical attention, becoming one of the most influential books ever published, impacting on a variety of disciplines including philosophy, literature, economics, business, and political science, among others. More than a great novel, *Atlas Shrugged* is an abstract, conceptual and symbolic work that expounds a radical philosophy, presenting a view of man and man's relationship to existence and manifesting the essentials of an entire philosophical system: metaphysics, epistemology, politics, and ethics. Celebrating the fiftieth year of *Atlas Shrugged's* publication, this companion is an exploration of this monumental work of literature. Contributions have been specially commissioned from a diversity of eminent scholars who admire and have been influenced by the book. The included essays analyze the novel's integrating elements of theme, plot, and characterization from many perspectives and from various levels of meaning. **The Ayn Rand Companion** Mimi Reisel Gladstein, 1986 A guide that analyzes the plots and characters in Rand's novels and her underlying philosophy. **Ayn Rand** Michael Paxton, 1998 This is a companion book to the feature documentary *Ayn Rand: A Sense of Life*. This is a Peregrine Smith book. T p verso Includes index. **The Ayn Rand**

Companion Mimi Reisel Gladstein,1984 **World of Atlas Shrugged** Edward Herrmann (narr),2001 *Companion Index to Ayn Rand's Atlas Shrugged* ,2012 **Ayn Rand** , Philosophers of Capitalism Edward W. Younkins,2005-11-10

Philosophers of Capitalism provides an interdisciplinary approach attempting to discover the feasibility of an integration of Austrian Economics and Ayn Rand s philosophy of Objectivism In the first section of the book Edward W Younkins supplies essays presenting the essential ideas of Carl Menger Ludwig von Mises and Ayn Rand Building upon these essential ideas the second portion of the book brings together scholarly perspectives from top academics analyzing Menger von Mises and Rand The third and final section of the book looks toward the future and the possibility of combining and extending the insights of these champions of a free society emphasizing how the errors omissions and oversights made by one theorist can effectively be negated or compensated for by integrating insights from one or more of the others Featuring a list of recommended reading for the major ideas and theorists discussed Philosophers of Capitalism is an essential book for both philosophers and economists *Champions of a Free Society* Edward W. Younkins,2008-08-25 This book is constructed around great thinkers of the past and present who have been influential in developing the philosophy of freedom Its main purpose is to provide a survey and overview of the ideas of leading individual philosophers and economists of capitalism who have contributed to developing what might be called the classical liberal or libertarian worldview Champions of a Free Society endeavors to provide a guide to political and economic thinking about the desirability and construction of a free society that is intelligible to the educated layperson Edward Younkins provides an historical perspective of the pursuit of political and economic truth The goal of this book is to present the development of ideas in language that permits generally educated readers to understand and appreciate their significance The book s chronological approach considers the thinkers and their ideas as they have developed over the course of time There is much unfulfilled illuminative potential to be found in the ideas of the past and Younkins successfully integrates the ideas of past and current thinkers into a logical contemporary worldview

Ayn Rand Mimi R. Gladstein,2010-01-01 In this outstanding volume Mimi Gladstein details Rand s belief in the moral supremacy of individualism over collectivism highlighting her contribution to libertarian thought **The Passion of Ayn Rand** Barbara Branden,1986 The bestselling biography of one of the 20th century s most remarkable and controversial writers Author Barbara Branden who knew Rand for nineteen years provides a matchless portrait of this fiercely private and complex woman Anthem: the Complete Critical Companion Edition Ayn Rand,2025-07-24 Discover Ayn Rand s Anthem as you ve never read it before presented with over 15 000 words of critical essays historical analysis and literary commentary This expanded companion edition places Anthem in its proper context written during the rise of totalitarianism yet profoundly relevant to today s ideological debates over individualism freedom and the collective good **The Ideas of Ayn Rand** Ronald E. Merrill,1991 Ayn Rand 1905 1982 is known to millions for her blockbuster novels The Fountainhead and Atlas Shrugged In the 1960s her Objectivist ideas featuring esthetic romanticism laissez faire capitalism atheism and the

virtue of selfishness were promoted in an organized movement which split apart after Rand's falling out with her protégé Nathaniel Branden. This debacle threw Rand's growing community of followers into disarray but she continues to attract readers and to exert a major if largely subterranean influence on thinking and policy. *The Ideas of Ayn Rand* provides for the first time a comprehensive survey of Rand's wide-ranging contributions: her literary techniques, her espousal and then rejection of a Nietzschean outlook, her contradictory attitude to feminism, her forays into ethics, epistemology and metaphysics, the development of her political creed, her influence on and hostility to both conservatism and libertarianism. Dr Merrill's standpoint is friendly yet critical. He presents a fresh and original interpretation of Rand's ideas, exposing unexpected facets of the Objectivist vision and arguing that Rand's thought is more complex, more subtle and more profound than her enemies or even her friends have heretofore suspected. **Back cover** **Two Philosophers** James G. Lennox, Gregory

Salmieri, 2026-01-12. If there is a philosophical Atlas who carries the whole of Western civilization on his shoulders, Ayn Rand wrote, it is Aristotle. He has been opposed, misinterpreted, misrepresented and like an axiom used by his enemies in the very act of denying him. Whatever intellectual progress men have achieved rests on his achievements. Such tributes to Aristotle in Rand's writing have led many readers to study his works. And a number of these, including some of the contributors to this volume, would go on to become scholars of both Aristotle and Rand. It is fitting then that there should be an exploration of the relationship between their two philosophies. This volume fosters a deeper appreciation for Ayn Rand's place in the Aristotelian tradition and in the history of philosophy more generally. **Atlas Shrugged** Mimi Reisel Gladstein, 2000. Author and Rand scholar Mimi Gladstein brings the novel sharply into focus in this Twayne Masterworks volume. She explores Rand's personal history and the development of her unique philosophy and takes a look at the critical reception of *Atlas Shrugged* and the overall importance of the work. The second half of the study contains an in-depth summary of the plot and a breakdown of how it fits into several different genres: science fiction, mystery, story, Arthurian romance, a detailed reading of every character and a survey of many of Rand's major and minor themes in the book. **About the Author** Alfred Glossbrenner, Emily Glossbrenner, 2000. From Jane Austen to John Steinbeck to Don DeLillo to Danielle Steel, this book offers a detailed and comprehensive resource revealing fascinating facts about the authors you love along with great introductions to authors you've yet to read.
