Knowing Illusion: Bringing a Tibetan Debate Into Contemporary Discourse The Yakherds, 2021 Tsongkhapa 1357 1419 is by any measure the single most influential philosopher in Tibetan history His articulation of Prasangika Madhyamaka and his interpretation of the 7th Century Indian philosopher Candrakirti s interpretation of Madhyamaka is the foundation for the understanding of that philosophical system in the Geluk school in Tibet Tsongkhapa argues that Candrakirti shows that we can integrate the Madhyamaka doctrine of the two truths and of the ultimate emptiness of all phenomena with a robust epistemology that explains how we can know both conventional and ultimate truth and distinguish truth from falsity within the conventional world The Sakya scholar Taktsang Lotsawa born 1405 published the first systematic critique of Tsongkhapa s system In the fifth chapter of his *Freedom from Extremes Accomplished through Comprehensive Knowledge of Philosophy* Taktsang attacks Tsongkhapa s understanding of Candrakirti and the cogency of integrating Prasangika Madhyamaka with any epistemology This attack launches a debate between Geluk scholars on the one hand and Sakya and Kagyu scholars on the other regarding the proper understanding of this philosophical school and the place of epistemology in the Madhyamaka program This debate raged with great ferocity from the 15th through the 18th centuries and continues still today These two volumes study that debate and present translations of the most important texts produced in that context Volume I provides historical and philosophical

background for this dispute and elucidates the philosophical issues at stake in the debate exploring the principal arguments advanced by the principals on both sides and setting them in historical context This volume presents English translations of each of the most important texts in this debate
