[The Power Brain](#) Ilchi Lee, 2016-04-15 Our brains are a thousand times more incredible than anything else we will ever encounter Every great accomplishment human beings have achieved was the work of the brain In fact our brains possess infinite potential that allows us to do and be anything By using this potential well we become a Power Brain that can not only create our personal fate but that of the entire planet To develop our brains potential it's useful to liken the brain to a computer with an operating system We have a Brain Operating System BOS composed of our beliefs and preconceptions that we can change and upgrade until our brains run optimally Recognizing the potential in our brain beyond what we've been able to use so far Ilchi Lee began investigating brain development principles and methods He compiled them into a comprehensive self development system with five steps called Brain Education Refined over the years by new scientific research and the experiences of those who use it Brain Education has become an academic discipline that's presented in a variety of ways including school educational programs and corporate training While The Power Brain is primarily about the brain this book does not focus on the anatomical or neurophysiological functions of the brain Rather it serves as a Brain Operating System user's manual that describes how to use our brain to discover our value recreate the story of our lives and claim a new destiny Improving our lives and consequently our world through brain development is a skill that anyone can understand practice and apply to everyday life

**Awakening the Mind** Anna Wise, 2002-03-18 Each moment of our lives from birth to death our brains are engaged in an endless symphony of patterns In *Awakening the Mind* Anna Wise reveals how a careful understanding of the four types of brain waves and the practice of carefully designed meditation exercises that lead to a mastery of each type can vastly improve everyday focus memory concentration and overall mental awareness Over the past three decades Wise has measured the

brain wave patterns of spiritual teachers artists high performing businessmen athletes and other highly creative and productive individuals She discovered that during periods of peak mental awareness and clarity they all exhibited a specific brain wave pattern in which the four categories of brain waves alpha beta theta and delta combined in a distinct configuration In this book Wise provides meditation exercises specially developed to lead readers to achieve that heightened mental state referred to as the Awakened Mind
