by Henry James first published as a serial in Harper's Weekly in 1898-1899 and then as a book later in 1899. Originally conceived as a brief light story about the complications created in her family's social set by a young girl coming of age, the novel expanded into a general treatment of decadence and corruption in English fin de siècle life. James presents the novel almost entirely in dialogue, an experiment that adds to the immediacy of the scenes.

**The Awkward Age in Women's Popular Fiction, 1850-1900** Sarah Bilston, 2004-07-22. This book demonstrates that the awkward age formed a fault line in Victorian female experience, an unusual phase in which restlessness, self-interest, and rebellion were possible. Tracing evolving treatments of female adolescence through a host of long-forgotten women's fictions, the book reveals that representations of the girl in popular women's literature importantly anticipated depictions of the feminist in the fin de siècle. New Woman writing, conservative portrayals of girls' hopes, dreams, and subsequent frustrations helped clear a literary and cultural space for the New Woman's awakening to disaffected consciousness. The book thus both historicises the evolution and mythic appeal of the female adolescent and works to receive suggestive exchanges between apparently diverse female literary traditions.
