Janvier,2015-07-12 Excerpt from *The Aztec Treasure House A Romance of Contemporaneous Antiquity* God sends nuts to them who have no teeth which ancient Spanish proverb of contrariety comes strongly to my mind

as I set myself to this writing By nature am I a studious book loving man having a strong liking for quiet and orderliness Yet in me also is a strain that urges me even along ways which are both rough and dangerous to get beyond book knowledge and to examine for myself the abstractions of thought and the concretions of men and things out of the consideration whereof books are made And I hold that it is because I have thus sought for truth in its original sources instead of resting content with what passes for truth being detached fragments of fact which other men have found and have cut and polished to suit themselves that I have gathered to myself more of it and in its rude yet perfect native crystals than has come into the possession of any other modern investigator About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Aztec Treasure-House Thomas A. Janvier,2018-08-05 *The Aztec Treasure House* by Thomas A Janvier phic spirit of St Francis of Assisi seemed to live again But by this way coming to such tangible evidence of the survival in the present time of forces which were born into the world six hundred years ago my

thoughts took a natural turn to my own especial interests and by perhaps not over strong analogy I reasoned that if this monk still lived so closely to the letter and to the spirit of the Rule that St Francis six centuries back gave to his order most reasonably might I hope to find still quick something of the life that was in full vigor in Mexico only a little more than half that many centuries ago We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience
